ADJOURN

President Young adjourned the meeting 8:13 p.m.

ATTEST:

Paola Lara, Acting Board Secretary

Minutes were approved on _____ by the Board of Directors of the West Valley Water District.

STAFF REPORT

DATE: November 20, 2025
TO: Board of Directors
FROM: Jose Velasquez, Chief Financial Officer
SUBJECT: Monthly Revenue and Expenditures Report - October 2025

STRATEGIC GOAL:

Strategic Goal 6 – Demonstrate Effective Financial Stewardship

D. Maintain a Data Driven Approach and Financial-Based Decision-Making

MEETING HISTORY:

11/10/2025 Finance Committee

BACKGROUND:

The Board of Directors requested the Monthly Financial Status Reports to be presented to the Finance Committee for review and discussion before presenting them to the Board of Directors. The reports are being produced by the District's Financial System (System of Records) and will be presented on a monthly basis.

DISCUSSION:

The Monthly Financial Status Report (**Exhibit A**) summarizes the District's revenue categories as well as expenditures for all Departments. The original total budget includes the adopted budget. The current total budget includes the adopted budget plus any budget amendments or adjustments made during the year. Period activity column represents activity for the reporting periods. The fiscal activity column represents the year-to-date activity or transactions that have been recorded in the general ledger from the beginning of the fiscal year July 1 through June 30th. The encumbrance column represents funds encumbered with a purchase order that's not spent but committed. The percentage column represents the percentage of the current budget that has been received (Revenue) or utilized (Expenditure).

In summary, for the fourth month of the fiscal year through October 2025, the District has total earned revenues of \$16,126,862 and incurred total expenses of \$10,906,454. This results in an operating surplus of \$5,220,408. The surplus is being used to support the Capital Improvement Program. Contributing to the positive results are water sales and other non-operating income.

FISCAL IMPACT:

There is no fiscal impact for producing the October 2025 Monthly Revenue & Expenditure Report.

REQUESTED ACTION:

Approve the October 2025 Monthly Revenue and Expenditures Report.

STAFF REPORT

DATE: November 20, 2025
TO: Board of Directors
FROM: Jose Velasquez, Chief Financial Officer
SUBJECT: Purchase Order Report - October 2025

STRATEGIC GOAL:

Strategic Goal 6 – Demonstrate Effective Financial Stewardship

D. Maintain a Data Driven Approach and Financial-Based Decision-Making

MEETING HISTORY:

11/10/2025 Finance Committee

BACKGROUND:

The West Valley Water District ("District") generated fifty-two (52) Purchase Orders ("PO") in the month of October 2025 to various vendors that provide supplies and services to the District. The total amount issued to PO's for the month of October 2025 was \$893,980.02. A table listing all Purchase Orders for October 2025 is shown in **Exhibit A**. In examining the monthly activity of purchase orders \$25,000 or greater, it reveals six (6) POs amounting to \$674,371.14 or 75% of the total contractual obligations entered into during the month.

DISCUSSION:

There were zero (0) Change Orders ('CO') approved by the General Manager during the month of October 2025.

FISCAL IMPACT:

There is no fiscal impact for producing the October 2025 Purchase Order Report.

STAFF RECOMMENDATION:

Approve the October 2025 Purchase Order Report.

STAFF REPORT

DATE: November 20, 2025
TO: Board of Directors
FROM: Jose Velasquez, Chief Financial Officer
SUBJECT: Treasurer's Report - September 2025

STRATEGIC GOAL:

Strategic Goal 6 – Demonstrate Effective Financial Stewardship

D. Maintain a Data Driven Approach and Financial-Based Decision-Making

MEETING HISTORY:

11/10/2025 Finance Committee

BACKGROUND:

On a monthly basis the Finance Committee meets with the General Manager and Finance Staff to review the Treasurer's Report that covers the prior month. This encompasses balances, reserve levels, reserve classifications, interest earned, investment maturities, re-investments made during the month, and compliance with the State of California Local Agency Investment Guidelines.

DISCUSSION:

West Valley Water District ("District") contracts with the Clifton Larson Allen LLP to prepare the monthly Treasurer's Report. This is an independent report that opines on the investment balances, classifications, and activity. This report also examines the District's investment policy to ensure that it follows the State of California's Local Agency Investment Guidelines (Government Code Section 53601(b)). The Treasurer Report for the month of September 2025 **Exhibit A** is presented to the Finance Committee for review and discussion.

FISCAL IMPACT:

The monthly cost of \$3,100 for completion of the report was included in the FY 2025-26 annual budget.

REQUESTED ACTION:

Approve the September 2025 Treasurer's Report.

I hereby certify that the investment activity for this reporting period conforms with the investment policy adopted by the West Valley Water District Board of Directors and the California Government Code Section 53601

I also certify that there are adequate funds available to meet the District's Budget.

Jose Velasquez
Chief Financial Officer

*Quarterly interest posted the month following the quarter end.

Note:

All significant assumptions, methodologies and analyzed amounts were discussed with and agreed to by the District's accounting staff. From this conversation, we believe the District's accounting staff has the requisite knowledge and understanding of the processes/analyses prepared by CLA as not to impair our independence.

Total Fund Balance

When comparing the District's total fund balances month-over-month between September 2025 (\$138,952,541.45) and August 2025 (\$139,149,031.84), CLA found the fund balance decreased by \$196,490.39 between September 2025 and August 2025.

U.S. Bank Chandler Custodial Account

Cash/Money Market - Per Section 9.11 of the District's investment policy, "The company shall have met either one of the following criteria: 1) attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs "Nationally Recognized Statistical Rating Organization" or 2) retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years of experience managing money market mutual funds with assets under management in excess of five hundred million dollars." Based on Chandler Asset Management's reconciliation summary for the period ending September 30, 2025, CLA was able to confirm the District's cash and money-market securities were in accordance with the investment policy. CLA compared various financial documents for the District's cash and securities and found that all the District's holdings were in alignment with the requirements set forth in the investment policy.

In addition to ensuring that the District's money market funds attained the highest ranking provided by more than one NRSRO, the District also met the requirements outlined in Section 9.11 of the investment policy through its established relationship with Chandler Asset Management. With total assets under management of over \$42 billion with over thirty-five years of experience in managing money market mutual funds, Chandler Asset Management exceeds the requirements of the District's policy.

Per the investment policy, the maximum percentage of District investments in money market funds is capped at 20%. Similarly, the allowable mutual fund and money market account instruments per California government code (Sections 53601(I) and 53601.6(b)) for local government entities are also capped at 20%. The District's money market balance percentage as of September 30, 2025 is 7.9%. Therefore, the District is following both the investment policy and California governmental code.

United States Treasury Issues – Per Section 9.1 of the investment policy, "there's no limitation as to the percentage of the portfolio that may be invested in this category."

The District's investment policy is in uniformity with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(b)). These guidelines establish that maximum investment maturities for United States Treasury Obligations are limited to five years. However, the legislative body may grant express authority to make investments either specifically or as a part of an investment program approved by the legislative body that exceeds this five-year remaining maturity limit. Such approval must be issued no less than three months prior to the purchase of any security exceeding the

five-year maturity limit. These guidelines do not establish a maximum specified percentage of the District's investment portfolio for United States Treasury Obligations.

As of September 30, 2025, 63.34% of the District's total portfolio is invested in United States Treasury Issues. With no maximum percentage established for United States Treasury Issues, the District is in conformity with the investment policy and the State of California's Local Agency Investment Guidelines.

Negotiable Certificates of Deposit – Section 9.4 of the District's investment policy states "purchases are limited to securities that have a long-term debt rating of at least the "A" category, or its equivalent, by a NRSRO." All instruments categorized as negotiable certificates of deposit in the District's portfolio follow Section 9.4 of the investment policy, as each security has a satisfactory long-term debt rating, and the investment matures within the five-year time frame as dictated in the policy. Based on the Chandler report, the purchase dates for all medium-term notes fall within the five-year framework established in the investment policy.

Per Section 9.4 of the investment policy, the maximum percentage of investments in negotiable certificates of deposit is 30% of the portfolio.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(i)) regarding negotiable certificates of deposit. These guidelines establish a maximum specified percentage of the District's investment portfolio for certificates of deposit at 30%. The State of California's guidelines also establish that maximum investment maturities for medium-term notes are limited to five years.

Negotiable certificates of deposit constitute 0.0% of the District's total investment balance as of September 30, 2025. Therefore, the District is following both the investment policy and the State of California's standards.

Medium-Term Notes – Section 9.10 of the District's investment policy states "purchases are limited to securities that have a long-term debt rating of at least the "A" category, or its equivalent, by a NRSRO." The investment policy also states that medium-term notes should have a "maximum remaining maturity of five years or less." All instruments categorized as medium-term notes in the District's portfolio follow Section 9.10 of the investment policy, as each security has a satisfactory long-term debt rating, and the investment matures within the five-year time frame as dictated in the policy. Based on CLA's analysis, the purchase dates for all medium-term notes fall within the five-year framework established in the investment policy.

Per Section 9.10 of the investment policy, the maximum percentage of investments in medium short-term notes is 30% of the portfolio.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(k)) regarding medium-term notes. These guidelines establish a maximum specified percentage of the District's investment portfolio for medium-term notes at 30%. The State of California's guidelines also establish that maximum investment maturities for medium-term notes are limited to five years.

Medium-term notes constitute 8.57% of the District's total investment balance as of September 30, 2025. Therefore, the District is following both the investment policy and the State of California's standards.

Federal Agency Obligations – Per Section 9.5 of the District's investment policy, "there is no limitation as to the percentage of the portfolio that may be invested in this category, however, purchases of callable Federal Agency obligations are limited to a maximum of 30 percent of the portfolio." Although the policy does not explicitly list the bond rating requirements for federal agency obligations, all the District's current federal agency holdings are rated AAA by multiple NRSRO's as of September 30, 2025.

While the State of California's Local Agency Investment Guidelines have not established a maximum specified percentage for investments in federal agency obligations, these guidelines establish that maximum investment maturities for Federal Agency Obligations are limited to five years (Government Code Section 53601(f)). However, the legislative body may grant express authority to make investments either specifically or as a part of an investment program approved by the legislative body that exceeds this five year remaining maturity limit. Such approval must be issued no less than three months prior to the purchase of any security exceeding the five-year maturity limit.

Federal agency obligations represent 9.62% of the District's total investment balance as of September 30, 2025. Therefore, the District is in accordance with both its investment policy as well as the guidelines set-forth by the State of California.

Municipal Bonds – Per Section 9.6 of the District's investment policy, "purchases are limited to securities that have a long-term debt rating of at least the "A" category, or its equivalent, by a NRSRO; and/or have a short term debt rating of at least "A-1", or its equivalent, by a NRSRO." The maximum percentage of District investments in municipal bonds is capped at 20%.

While the State of California's Local Agency Investment Guidelines have not established a maximum specified percentage for investments in municipal bonds, these guidelines establish that maximum investment maturities for Federal Agency Obligations are limited to five years (Government Code Section 53601(d)). However, the legislative body may grant express authority to make investments either specifically or as a part of an investment program approved by the legislative body that exceeds this five year remaining maturity limit. Such approval must be issued no less than three months prior to the purchase of any security exceeding the five-year maturity limit.

Municipal bonds represent 0.70% of the District's total investment balance as of September 30, 2025. Therefore, the District is in accordance with both its investment policy as well as the guidelines set-forth by the State of California.

Local Agency Investment Fund (LAIF)

The State of California, Local Agency Investment Fund (LAIF) processes a same-day transaction if notified by 10:00 am. This ability satisfies the investment requirement of 24-hour liquidity as stipulated in the investment policy for the District.

Per Section 9.2 of the District's investment policy, the maximum percentage of investments in the State of California, Local Agency Investment Fund is unlimited.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 16429.1) concerning the Local Agency Investment Fund. These guidelines establish no maximum specified percentage of the District's investment portfolio while also dictating no maximum maturity date for LAIF investments.

Per the Standard and Poor's rating system, California's Current Credit Rating is AA-, identifying the credit quality of the fund's portfolio performance as strong.

As of the period ending September 30, 2025, the District's Local Agency Investment Fund balance represents 7.53% of the District's entire portfolio. Therefore, the District is following the investment policy as well as the standards of the Local Agency Investment Guidelines.

Based on the LAIF performance report dated October 08, 2025, LAIF investments had a net-yield of 4.212%. Regarding portfolio composition, LAIF fund investments were split into the following categories (percentages may not total 100% due to rounding):

- Treasuries- 52.26%
- Agencies- 28.46%
- Certificates of Deposit/Bank Notes- 9.16%
- Commercial Paper- 6.17%
- Time Deposits- 3.18%
- Loans- 0.16%
- Corporate Bonds- 0.61%

On March 20, 2019, the District received a \$3 million dollar settlement as part of a larger association of local water districts and municipalities, from the San Gabriel Valley Water Company, Fontana Union Water Company, and the San Gabriel California Corporation. Per the settlement agreement, "West Valley and the non-settling plaintiffs separately asserted six claims alleging breach of contract and other claims arising from the 1961 Decree." The 1961 Decree governs groundwater pumping from a portion of the Rialto-Colton Basin. The claims also concern the defendants (Fontana Parties) pumping from a portion of the Rialto-Colton Basin that is outside the Rialto Basin as defined by the 1961 Decree. The San Bernardino Basin Area and most but not all the Rialto-Colton Basin are located within the service area of the Valley District and this violation served as the basis of the settlement.

The settlement check was received and deposited into the District's General Government Checking bank account and the District's board approved the transfer of the \$3 million in settlement funds to the District's LAIF account on April 4, 2019. While these funds have been earmarked for Capital Improvement Projects, the District has yet to allocate these funds to any specific project and the District will house all settlement funding in the LAIF account until board approval is received for the allocation of these funds.

The Investment Trust of California (Cal TRUST)

Section 9.3 of the District's investment policy states "no limit will be placed on the percentage total in this category." The State of California also fails to establish a maximum percentage total for investment trusts per Government Code Section 16340. As of the period ending September 30, 2025, the District's CalTRUST investment balance represents 0% of the District's entire portfolio. Therefore, the District is

following the investment policy and the standards set-forth by the State of California as it relates to CalTRUST securities.

Bank Deposits

Based on the District's investment policy, "Securities placed in a collateral pool must provide coverage for at least 100 percent of all deposits that are placed in that institution." As of September 30, 2025, the District maintained balances within the FDIC limit of \$250,000 for each of its bank accounts, except for the Chase General Governmental Checking account. The Chase General Governmental Checking account maintains funds for operational purposes and normally carries a balance of at least \$800,000 which represents funding for one payroll, and one accounts payable check run. Although the September balance of the Chase Checking account fell below the required minimum, settlement deposits made at the beginning of the October restored the balance to the appropriate threshold. In CLA's comparison between the District's general Checking account balances for September 2025 (\$710,939.64) and August 2025 (\$1,451,807), CLA observed a decrease in the September 2025 balance of \$740,867.36 versus August 2025 and variance is a result of regular activities.

During our review of the September 2025 Chase General Governmental Checking account statement, it was noted that there were 9 fraudulent activities totaling \$16,680.6. West Valley Water District ("WVWD") has a procedure where the bank issues a check/ACH exception report for WVWD to review and reject fraudulent checks/ACHs as needed. Currently, WVWD has implemented check number and amount positive pay.

CLA also noted a few unusual transactions during our review. On September 15, 2025, District made withdrawal of \$7,400,000 from US Bank Asset Management account, which was subsequently transferred to Local Agency Investment Fund (LAIF) account on September 16, 2025. On September 19, 2025, District made a withdrawal from LAIF and wired to Chase general Checking account for \$500,000. On September 04, 2025, District transferred \$898,516.75 to the 2016A bond accounts for payment of interest and principal. On September 25, 2025, District wired \$110,821.96 to PCL Construction for Roemer expansion project.

While the District reconciles its deposit accounts monthly, CLA found that the District has historically reported the month-ending bank statement balance on the Treasurer's Report. Because the monthly bank statement does not take any outstanding checks or other withdrawals into account, the District may be overstating the General Government Checking balances on the Treasurer's Report, which ultimately impacts its liquidity.

In September, the UTC Routine Checking account was \$5,000.56 and the UTC Non-Routine Checking account balance was \$48,636.50. The relatively low balances in both accounts (in comparison with the historical balances) is due to the CFO's emphasis on transferring more of its unrestricted cash balances to the District's investments accounts to take advantage of the increased rate of return.

In analyzing the accounting for the District's cash drawers (\$3,600) and petty cash (\$700), per the District's accounting staff, the District's cash drawers are normally reconciled daily. Each drawer is

counted by the customer service representative responsible for the drawer and a secondary count is performed by the customer service lead or supervisor prior to the funds being relinquished to the District's armored security provider, Gaurda, for deposit daily. Cash deposits are reconciled daily by the District's accounting department. Petty cash is normally reconciled by the accounting department monthly. The District's accounting department provided CLA with a formalized reconciliation for the petty cash account and the cash drawers for September 2025, therefore CLA was able to agree the cash drawers and petty cash balance to the District Cash Drawers summary schedule.

Section 9.12 of the investment policy asserts that "there is no limit on the percentage of the portfolio that may be invested in bank deposits." Similarly, the State of California's Government Code for Allowable Investment Instruments fails to dictate any portfolio standards for general bank deposit accounts. Although no maximum has been established for amounts invested in bank deposits by the investment policy or the State of California, CLA can verify that as of September 30, 2025, the District had 1.20% of its portfolio invested in bank deposit accounts.

Commercial Paper

Commercial paper is an unsecured, short-term debt instrument issued by a corporation, typically for the financing of accounts payable and inventories and meeting short-term liabilities. Commercial paper is usually issued at a discount from face value and typically reflects prevailing market interest rates. Per section 9.8 of the investment policy, the entity that issues the commercial paper should meet all the following conditions "(i) is organized and operating in the United States as a general corporation, (ii) has total assets in excess of five hundred million dollars (\$500,000,000), and (iii) has debt other than commercial paper, if any, that is rated at least the "A" category by a NRSRO. For a commercial paper investment to be eligible for the District, the commercial paper shall not have a maximum maturity of 270 days or less and no more than 25% of the District's portfolio may be invested in this category.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601 (h)) regarding Commercial Paper. These guidelines establish a maximum specified percentage of the District's investment portfolio for commercial paper at 25%. The State of California's guidelines also establish that maximum investment maturities for commercial paper should be 270 days or less.

As of September 30, 2025, the District had 0.00% invested in commercial paper investment. Therefore, the District is following both the investment policy and the State of California's standards.

Supranational

Supranationals are explicitly defined in Section 9.14 of the investment policy as "US dollar-denominated senior unsecured unsubordinated obligations or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank". Securities listed as supranationals must be rated in the AA category or higher by a NRSRO and no more than 30% of the District's portfolio may be invested in these securities with a maximum maturity of five years.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(q)) regarding supranationals. These guidelines establish a maximum specified percentage of the District's investment portfolio for supranationals at

30%. The State of California's guidelines also establish that maximum investment maturities for supranationals should be five years or less.

As of September 30, 2025, the District's investments in five securities categorized as supranationals was 1.13% of the total portfolio and securities maintained a maturity date of less than five years from the original purchase date. CLA can confirm that the District's supranational investments meet the standards of both the investment policy and the State of California.

Note:

All significant assumptions, methodologies and analyzed amounts were discussed with and agreed to by the District's accounting staff. From this conversation, we believe the District's accounting staff has the requisite knowledge and understanding of the processes/analyses prepared by CLA as not to impair our independence.

Restricted Funds

Bond Proceeds Fund(s) – Balances in the bond proceeds fund accounts represent monies derived from the proceeds of a bond issue. Per the requirements of the District's reserve policy, the target level for the debt service reserve requirement is established at the time of the bond issue. Based on documentation provided to CLA, "no reserve fund has been established in connection with the issuance of the 2016A bonds." Therefore, the September 30, 2025, ending balance of \$899,754.10 satisfies the minimum balance requirements per the District's reserve policy.

Customer Deposit Accounts – Due to fluctuations in the number of utility customer deposits required and the number of development projects in process, no minimum or maximum levels have been established for customer deposit accounts. The customer deposit account balances presented in the treasurer's report are based on the ending balance on the general ledger for the month. The customer deposit accounts are reconciled monthly. CLA was able to confirm that the customer deposit accounts balance presented on the September 2025 Treasurer's Report reconciles with the District's general ledger. The September 30, 2025, balance of \$5,184,438.28 in customer deposit accounts satisfies the balance requirements of the District's reserve policy.

Capacity Charge Account – The District's reserve policy does not explicitly address or specify any minimum or maximum funding levels for capacity charge accounts. However, based on the reconciliation schedule provided by the District, CLA can confirm that the balance of \$57,426,873.21 presented on the September 2025 Treasurer's Report for the Capacity Charge Account reconciles with the documentation provided to CLA with no variance.

CIP Account in LAIF for Capital Purposes – On March 20, 2019, the District received a \$3 million dollar settlement as part of a larger association of local water districts and municipalities, from the San Gabriel Valley Water Company, Fontana Union Water Company and the San Gabriel California Corporation. The check was received and deposited into the District's General Government Checking bank account and the District's board approved the transfer of the \$3 million dollars in settlement funds to the District's LAIF account on April 4, 2019. While these settlement funds have been restricted for Capital Improvement Projects, there were no designations or allocations for District funding towards any Capital Improvement Projects at that time. Later the fund was transferred to the Chandler accounts as the CFO believes the Chandler accounts earn a higher interest rate.

Capital Reserve Funds

Capital Project Account – The capital project account is used for the funding of new capital assets or the rehabilitation, enhancement, or replacement of capital assets when they reach the end of their useful lives. Per the requirements of the District's reserve policy, "the minimum target level WVWD will strive for is 100% of its then-current year fiscal year from the Capital Improvement Budgets plus 25% of the amount estimated to be needed the following fiscal year, less minimum levels established for the

Emergency Account.” The District currently maintains a balance of \$29,474,647.00 (\$27,656,397.00 for fiscal year 2025-26 and \$1,818,250.00 for fiscal year 2026-27) in its capital project account, meeting the minimum target level required for both fiscal years. CLA was able to confirm that the District is in adherence with the minimum target level requirement as of September 30, 2025, by comparing the board-approved Fiscal Year 2025-26 Capital Improvement Budget which indicates a total CIP for fiscal year 2025-26 of \$27,656,397.00. The reserve policy only requires the district to maintain 25% of the amount estimated to be needed the following fiscal year 2026-27, which amounts to \$1,818,250.00, therefore, the District meets the requirement indicated in its reserve policy.

California DWSRF Loan Payment Reserve – As per the California DWSRF Loan agreement for Oliver P. Roemer project # 3610004-002 C, the District is required to maintain fund restriction for loan payment amount of \$1,834,711.10.

Emergency Account – The emergency account may be utilized to purchase water at any time or to begin repair of the water system after a catastrophic event. Therefore, a minimum target level equal to 1% of net capital assets of the District’s water system has been established to enable the district to manage emergency situations. Per September 30, 2025, general ledger detail reporting provided by the District’s accounting staff, CLA was able to confirm that the District’s net assets total \$212,962,045.99. As of September 30, 2025, the emergency account represents a balance of \$2,129,620.46 or 1% of total net assets, allowing the District to meet its requirements for the reserve policy.

Liquidity Funds

Rate Stabilization Fund – This fund is established to provide flexibility to the Board when settling rates to allow for absorbing fluctuations in water demand and smoothing out rate increases over time, temporarily defraying any unforeseen decreases in the sale of water. To remain in conjunction with the reserve policy, the District should aim to maintain a minimum level equal to 45 days of the District’s annual budgeted total operating expenses. Per the FY 2025-26 board-approved budget, the District anticipates operating expense of \$36,105,730.00 for the current fiscal year. The District’s current balance of \$4,451,391.37 in its rate stabilization account achieves the minimum target level for this account as indicated in the reserve policy.

Operating Reserve Account – This fund may be routinely utilized by staff to cover temporary cash flow deficiencies caused by timing differences between revenue and expenses or decreases in revenues and unanticipated increases in expenses. Given the significance of this account, the District strives to maintain a minimum amount equal to 90 days of the District’s budgeted total operating expenses in this account. Per the FY 2025-26 board-approved budget, CLA can confirm the District has an operating expenses budget of \$36,105,730.00. As of September 30, 2025, the operating reserve account maintains a balance of \$8,902,782.74, which satisfies the requirements of the District’s reserve policy.

Self-Insurance Reserve – As indicated in the minutes from the April 5, 2018 board meeting, the District’s board of directors approved \$5,000,000 in funds for employee liability claims. According to the District’s finance manager, reserve policy 2025-26 does not require an actuarial study report for determining self-insurance amount.

Balance Available for Daily Operations – This balance represents the District’s total cash balance less any fund requirements. For the month ending September 30, 2025, the District had a total of

West Valley Water District Reserve Memo – September 2025

\$138,952,541.45 in various institutional accounts. The required reserve balances by type total \$114,044,977.34 and are categorized as follows:

- Restricted Funds- \$68,345,776.69
- Capital Reserve Funds- \$27,345,026.54
- Liquidity Funds- \$13,354,174.11
- Other Reserves- \$5,000,000.00

Based on the District's Treasurer's Report, which indicates a total cash, investment, and reserve balance of \$138,952,541.45 and fund requirements of \$114,044,977.34, the fund balance available for daily operations reconciles to the September 2025 Treasurer's report.

CLA reviewed the Treasurer's report for clerical accuracy and recalculated the total Unrestricted Reserves balance and agreed the totals to the September 2025 Treasurer's Report. In its assessment of the District's accounts, the balances on the Treasurer's Report appear to agree with the supporting documentation provided by the West Valley Water District.

STAFF REPORT

DATE: November 20, 2025
TO: Board of Directors
FROM: Jose Velasquez, Chief Financial Officer
SUBJECT: Monthly Cash Disbursements Report - October 2025

STRATEGIC GOAL:

Strategic Goal 6 – Demonstrate Effective Financial Stewardship

D. Maintain a Data Driven Approach and Financial-Based Decision-Making

MEETING HISTORY:

11/10/2025 Finance Committee

BACKGROUND:

The Board of Directors requested the Monthly Cash Disbursements Report to be presented to the Finance Committee for review and discussion before presenting these reports to the Board of Directors. The reports are being produced from the District's Financial System (System of Records) and will be presented to the Finance Committee

DISCUSSION:

Each month, the Accounting Department provides a complete listing of all previous month's disbursements to promote fiscal responsibility and accountability over the expenditure of public funds. This process includes providing the Finance Committee, Board of Directors, and ratepayers the opportunity to review expenses for supplies, materials, services, (**Exhibit A**) and payroll disbursements (**Exhibit B**). Payroll is processed bi-weekly and accounts payable are processed weekly. Information to justify each payment is available through the Accounting Department. For reference, Customer Refunds are credits due as a result of closing a water account.

FISCAL IMPACT:

There is no fiscal impact for producing the October 2025 Cash Disbursement Reports.

REQUESTED ACTION:

Approve the October 2025 Cash Disbursements Reports.

STAFF REPORT

DATE: November 20, 2025
TO: Board of Directors
FROM: Rocky Welborn, Director of Engineering
SUBJECT: Conflict of Interest Policy for Progressive Design-Build Projects

STRATEGIC GOALS:

Strategic Goal 2 - Be an Exemplary Employer. Objective 2F - Upgrade and Modernize Facilities; Strategic Goal 5 – Apply Sound Planning, Innovation, and Best Practices. Objective 5B - Explore Innovative Solutions and Implement When Feasible and Cost-Effective; Strategic Goal 6 – Demonstrate Effective Financial Stewardship. Objective 6B - Continuously Explore and Implement Cost-Saving Initiatives

MEETING HISTORY:

11/12/2025 Policy Review and Oversight Committee

BACKGROUND:

In 1983, the California Legislature adopted the California Uniform Public Construction Cost Accounting Act (commonly known as the Local Agency Public Construction Act) which allows for capital projects to be performed with Design-Bid-Build approach. In the early 2000's, recognizing that alternative project delivery methods could provide value to the public, the California Legislature approved various statutes that allowed for limited local agencies to begin considering alternative project delivery methods for limited project types.

In 2015, California State Legislature approved SB785, consolidating the various statutes to a uniform framework for State and Local Agencies to consider alternative project delivery methods (collectively called "Design-Build Projects").

Various conditions are required for Agencies to utilize the newly approved project delivery methods, including:

- The project must treat, pump, store, or convey water, wastewater, recycled water, advanced treated water or be a supporting facilities for a progressive design build project.
- The managing agencies must have an approved conflict-of-interest policy regarding the ability of consultants and contractors to perform work relating to Design-Build Projects.
- The project must be in excess of \$1M.
- The procurement process for the Design-Build entity must include a Request for Qualification and Request for Proposals process.
- Other various requirements.

In 2021, the District adopted Resolution 2021-14 to adopt a design-build procurement method for the Oliver P. Roemer Water Filtration Facility expansion. This authorization was only for the mentioned project and did not adopt the Conflict of Interest principles required by the Public Contract Code for Design-Build Projects.

In 2025, the District completed the Facilities Master Plan, which evaluated project alternatives for the District's Headquarters. The Board recommended a new headquarters site near the District's Oliver P. Roemer Water Filtration Facility.

DISCUSSION:

In 2015 and 2024, the California Legislature adopted legislation to require a conflict of interest policy for design build projects. The purpose of this requirement is to ensure impartiality and prevent an unfair competitive advantage that arises from Design Build project delivery methods.

Recognizing the potential positive impacts that a Progressive Design Build project delivery method could provide to the New Headquarters Project, Staff and the District's legal council reviewed the necessary legislation and prepared the attached draft Policy and Resolution that addresses the requirements of the California Public Contract Code for Design-Build Projects.

If approved, Staff anticipates beginning solicitation processes for an Owners Agent. The Owners Agent will assist the District in navigating the technical and legislative requirements of the project. In conjunction with District Staff, the anticipated activities of the Owners Agent will include:

- Development of required procurement documents:
 - Request for Qualifications
 - Request for Proposals
- Proposal/bid development period support
- Proposal evaluations and selection
- Management of the Design Build Partner for Guaranteed Maximum Price (GMP) development
- Negotiations related GMP
- Management of Design Build Partner to project completion
- Coordination with local utility providers

FISCAL IMPACT:

No fiscal impact is anticipated from adopting the Conflict of Interest Policy.

REQUESTED ACTION:

Staff recommends that the Board of Directors:

1. Adopt Resolution No. 2025-11 adopting the 2025 Conflict of Interest Policy covering Progressive Design-Build Projects and;
2. Authorize the General Manager to execute all necessary documents.

RESOLUTION NO. _____

**A RESOLUTION OF THE WEST VALLEY WATER DISTRICT
ADOPTING A CONFLICT OF INTEREST POLICY FOR
IMPLEMENTING/PERFORMING DESIGN BUILD PROJECTS**

WHEREAS, California Public Contract Code sections 22162(c) and 22185.2, requires the District to establish a standard organizational conflict-of-interest policy, consistent with applicable law, regarding the ability of consultants or contractors (collectively, “Proposer”) to perform work for the West Valley Water District (“District”) relating to potential progressive design-build or design-build projects (together, a “Design-Build Project”); and

WHEREAS, District desires to adopt the necessary policies and procedures necessary to implement Progressive Design-Build Projects.

NOW, THEREFORE, the West Valley Water District (“District”) hereby resolves as follows:

SECTION 1. The District hereby adopts the “2025 West Valley Water District Organizational Conflict-of-Interest policy covering Design Build Projects” a copy of which is on file at the offices of the District available for inspection by the Public.

SECTION 2. The General Manager is hereby authorized and directed to include a copy of this Resolution in Water District’s Procurement Policies and Procedures; and,

SECTION 3. The General Manager is hereby authorized and directed, to develop solicitations for Design-Build Projects.

PASSED, APPROVED, AND ADOPTED THIS ____ DAY OF _____, 2025.

BOARD OF DIRECTORS

KELVIN MOORE
President of the Board of Directors
West Valley Water District

ATTEST:

Paola Lara
Acting Board Secretary

CERTIFICATION

I, Paola Lara, Acting Board Secretary of the West Valley Water District, do hereby certify that the foregoing Resolution was duly adopted by the Board of Directors of the West Valley Water District at a regular meeting held on _____, by the following vote:

AYES:	BOARD MEMBERS:
NOES:	BOARD MEMBERS:
ABSENT:	BOARD MEMBERS:
ABSTAIN:	BOARD MEMBERS:

Dated _____, 2025

PAOLA LARA
Acting Board Secretary
West Valley Water District

2025 WEST VALLEY WATER DISTRICT ORGANIZATIONAL CONFLICT-OF-INTEREST POLICY COVERING DESIGN-BUILD PROJECTS

Purpose

The purpose of this policy is to establish guidelines, as required under California Public Contract Code sections 22162(c) and 22185.2, for a standard organizational conflict-of-interest policy, consistent with applicable law, regarding the ability of consultants or contractors (collectively, “Proposer”) to perform work for the West Valley Water District (“District”) relating to potential progressive design-build or design-build projects (together, a “Design-Build Project”).

Policy

A potential Proposer will not be allowed to participate as a design-build entity or to join a design-build team if, without limitation, any of the following is true:

- Proposer is under contract with the District to manage or administer the Design-Build Project.
- Proposer is under contract with any other entity or stakeholder to perform oversight of the design-build team for the District on the Design-Build Project.
- Proposer has performed work on a previous contract with the District that expressly excludes them from participating as a design-build entity or joining a design-build team on the Design-Build Project.
- Proposer would violate Government Code section 1090, including, but not limited to, Government Code section 1097.6.
- Proposer would violate any other applicable federal or state conflict-of-interest rules and regulations.

Proposer’s Obligations

Proposers shall make a full written disclosure to the District of the facts and circumstances regarding an organizational conflict-of-interest or a potential organizational conflict-of-interest and shall have a continuing obligation to do so until they are no longer Proposers.

Proposers shall disclose in the response documents to a request for qualifications or request for proposals for a Design-Build Project, all of the work previously performed in relation to the Design-Build Project.

Proposers shall conform to applicable federal and state conflict-of-interest rules and regulations including, without limitation, the California Political Reform Act, California Government Code Section 1090, the federal Copeland “Anti-Kickback” Act and federal conflict-of-interest rules set forth in the federal funding agency’s administrative grant and cooperative agreement regulations.

Federal conflict-of-interest rules and regulations shall only apply where the Design-Build Project receives federal funding.

Conflict-of-Interest Issues

Resolution of a conflict-of-interest issue is ultimately at the sole discretion of District. If a Proposer determines that a conflict-of-interest or potential conflict-of-interest exists, it must disclose the conflict or potential conflict-of-interest to the District. The disclosure may or may not disqualify a Proposer from being awarded a contract. The Proposer shall propose measures to avoid, neutralize, or mitigate all conflicts or potential conflicts. District, in its sole discretion, shall determine whether the proposed measures are sufficient to overcome the conflict or potential conflict and whether the Proposer may continue with the procurement process. District has the right to terminate or amend a resulting design-build project contract if the successful Proposer failed to disclose a conflict or potential conflict that it knew or should have known about, or if the Proposer provided information in its disclosure that is false or misleading.

The successful Proposer to whom a contract is awarded has an ongoing obligation to monitor and disclose its conflicts or potential conflicts-of-interest. District has a right to ongoing enforcement of this policy. If an organizational conflict-of-interest is discovered after award, the Proposer will make an immediate and full written disclosure to the District that includes a description of the action that the Proposer has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict-of-interest is determined to exist and the Proposer was aware of an organizational conflict-of-interest prior to award of the contract and did not disclose the conflict-of-interest, District may terminate the contract with the Proposer for material breach. If the Proposer is terminated, District assumes no obligations, responsibilities and liabilities to reimburse all or part of the costs incurred or alleged to have been incurred by the Proposer.

This policy shall be incorporated by reference into and included as part of all District design build project requests for qualifications, requests for proposals, and all District design-build contracts.

This policy shall not constitute a limitation on the obligations of the Proposer in relation to any organizational conflict-of-interest.
