REGULAR BOARD MEETING AGENDA

THURSDAY, NOVEMBER 17, 2022 CLOSED SESSION - 6:00 PM • OPEN SESSION - 6:45 PM

BOARD OF DIRECTORS

Channing Hawkins, President Greg Young, Vice President Angela Garcia, Director Dan Jenkins, Director Kelvin Moore, Director

"In order to comply with legal requirements for posting of agendas, only those items filed with the District Secretary's office by noon, on Wednesday a week prior to the following Thursday meeting, not requiring departmental investigation, will be considered by the Board of Directors."

On March 4, 2020, Governor Newsom declared a State of Emergency resulting from the threat of COVID-19. On September 16, 2021, Governor Newsom signed Assembly Bill No. 361 into law. Assembly Bill No. 361 amends Government Code section 54953(e) by adding provisions for remote teleconferencing participation in meetings by members of a legislative body, without the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions. The West Valley Water District adopted a resolution determining, by majority vote, that, as a result of the declared State of Emergency, the District is adopting the State protocol which allows meetings in person and/or via teleconference. Accordingly, it has been determined that all Board and Workshop meetings of the West Valley Water District will be held pursuant to Assembly Bill No. 361, the Brown Act and will be conducted via teleconference and in person. Members of the public may listen and provide public comment via telephone by calling the following number and access code: Dial: (888) 475-4499, Access Code: 840-293-7790 or you may join the meeting using Zoom by clicking this link: https://us02web.zoom.us/j/8402937790. Public comment may also be submitted via email to administration@wvwd.org. If you require additional assistance, please contact administration@wvwd.org.

OPENING CEREMONIES

Call to Order Pledge of Allegiance Opening Prayer Roll Call of Board Member

ADOPT AGENDA

PUBLIC PARTICIPATION

Any person wishing to speak to the Board of Directors on matters listed or not listed on the agenda, within its jurisdiction, is asked to complete a Speaker Card and submit it to the Acting Board Secretary, if you are attending in person. For anyone joining on Zoom, please wait for the Board President's instruction to indicate that you would like to speak. Each speaker is limited to three (3) minutes. Under the State of California Brown Act, the Board of Directors is prohibited from discussing or taking action on any item not listed on the posted agenda. Comments related to noticed Public Hearing(s) and Business Matters will be heard during the occurrence of the item.

Public communication is the time for anyone to address the Board on any agenda item or anything under the jurisdiction of the District. Also, please remember that no disruptions from the crowd will be tolerated. If someone disrupts the meeting, they will be removed.

PRESENTATIONS

None.

CONSENT CALENDAR

All matters listed under the Consent Calendar are considered routine and will be enacted by one vote. There will be no separate discussion of these items unless a member of the Board of Directors, Staff Member, or any member of the public request a specific item(s) be removed for separate action.

OPENING CEREMONIES

Pledge of Allegiance - Led by Director Angela Garcia Opening Prayer - Led by Director Kelvin Moore Call to Order Roll Call of Board Members

ADOPT AGENDA

Director Angela Garcia motioned to adopt the agenda as presented and Vice President Gregory Young second the motion. Hearing no discussion, the following vote was taken:

WVWD

RESULT: APPROVED [UNANIMOUS]

MOVER: Angela Garcia, Director

SECONDER: Gregory Young, Vice President

AYES: Angela Garcia, Kelvin Moore, Gregory Young, Channing Hawkins

NOES: None ABSENT: None

PUBLIC PARTICIPATION

Jon Stephenson, Acting Board Secretary, stated that no requests were received to speak via email. President Channing Hawkins inquired if anyone from the public would like to speak. There were no public comments.

CONSENT CALENDAR

None

BUSINESS MATTERS

1. Award of Contract to Provide Temporary Administrative Services.

Ms. Haydee Sainz, Human Resources & Risk Manager, gave a brief presentation on the Award of Contract to provide Temporary Administrative Services for a Board Secretary.

Director Kelvin Moore motioned to adopt the staff recommendation to Award of Contract to provide Temporary Administrative Services and Director Angela Garcia seconded the motion. The following vote was taken:

RESULT: ADOPTED [UNANIMOUS]

MOVER: Kelvin Moore, Director SECONDER: Angela Garcia, Director

AYES: Angela Garcia, Kelvin Moore, Gregory Young, Channing Hawkins

NOES: None ABSENT: None

2. Procedural Requirements - Division 2 Vacancy (No Vote Required).

Mr. Van Jew, Acting General Manager, reported that the process for Division 2 Vacancy for timing requirements and posting locations have been met. The notice of vacancy was posted at three locations within the boundaries of the District, advertised on the District's website and the San Bernardino Sun on July 13, 2022, and July 14, 2022.

3. Review Credentials of Prospective Candidates for Division 2 (No Action Required).

Acting General Manager Van Jew reported that three (3) applications of interest and resumes were submitted by Dan Jenkins, Erin Valenzuela, and Carolina Verduzco. The applications were

WVWD

submitted to the Board of Directors for review. Each candidate was invited to the podium to introduce themselves, offer their comments on why they were qualified to fill the vacancy, and to answer any questions.

4. Appointment of Division 2

Director Angela Garcia motioned to appoint Erin Valenzuela as Director for Division 2. The motion was not seconded and therefore, no vote was taken.

Vice President Gregory Young motioned to appoint Dan Jenkins as Director for Division 2. The motion was not seconded and therefore, no vote was taken.

Director Kelvin Moore stated he was having technical difficulties and could not hear the previous motions.

President Channing Hawkins asked the Acting Board Secretary to repeat the prior motions.

Acting Board Secretary Jon Stephenson reported that Director Angela Garcia made the first motion to appoint Erin Valenzuela as Director for Division 2 and the second motion was made by Vice President Gregory Young to appoint Dan Jenkins as Director for Division 2.

President Channing Hawkins requested a motion.

Vice President Gregory Young motioned to appoint Dan Jenkins as Director for Division 2, Director Kelvin Moore seconded the motion. The following vote was taken:

RESULT: ADOPTED [3 TO 1]

MOVER: Gregory Young, Vice President

SECONDER: Kelvin Moore, Director

AYES: Gregory Young, Kelvin Moore, Channing Hawkins

NOES: Angela Garcia

ABSENT: None

5. Oath of Office – New Division 2 Director (No Vote Required).

President Channing Hawkins asked Director Angela Garcia to administer the Oath of Office for the newly appointed Director, Dan Jenkins.

After the administration of the oath, President Channing Hawkins welcomed him to the Board of Directors for Division 2, and he took his seat at the dais.

REPORTS - LIMITED TO 5 MINUTES MAXIMUM (Presentations or handouts must be provided to Board Members in advance of the Board Meeting).

1. Board Members

Director Angela Garcia thanked all of the candidates.

WVWD

Vice President Gregory Young thanked all of the candidates and welcomed Director Dan Jenkins to the Board.

President Channing Hawkins welcomed Director Dan Jenkins and encouraged him to look into trainings offered by the Special Districts Leadership Foundation.

2. Acting General Manager

Acting General Manager Van Jew expressed that it was great to see so much interest to serve as the Director for Division 2 and welcomed Director Dan Jenkins.

3. Legal Counsel

Robert Tafoya congratulated Director Dan Jenkins and reported out of Closed Session stating that there were no reportable actions taken.

CLOSED SESSION

• CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION - Pursuant to Paragraph One (1) of Subdivision (d) of the Government Code Section 54956.9 Case Name: Naisha Davis v. West Valley Water District et al. Case No. 20STCV0323.

ADJOURN

There being no further business, the meeting adjourned at 7:09 p.m.

WVWD

BOARD OF DIRECTORS STAFF REPORT

DATE: November 17, 2022
TO: Board of Directors

FROM: Van Jew, Acting General Manager

SUBJECT: REJECTION OF CLAIM #23-0222: JIM HAMILTON V. WEST VALLEY

WATER DISTRICT

BACKGROUND:

Mr. Jim Hamilton, a claimant, alleges that on September 13, 2022, at 2:42 p.m. a District employee turned on the water line to his home without providing notice to the claimant and caused flooding to his bathroom and damage to personal items. The claimant alleges he sustained property damage amounting to \$1,800.

DISCUSSION:

On September 13, 2022, West Valley Water District staff performed work at the loss location. The claimant alleges the staff member turned on the water line to the claimant's home without providing notice. Claimant hasn't been very responsive to the Third-Party Administrator's outside Adjuster for inspection requests.

The Association of California Water Agencies Joint Powers Insurance Authority (ACWA JPIA) has recommended the District deny the claim.

FISCAL IMPACT:

No fiscal impact of claim denial.

STAFF RECOMMENDATION:

Approve the rejection of Mr. Jim Hamilton claim as recommended by ACWA JPIA.

Respectfully Submitted,

Van Jew, Acting General Manager

VJ:hms

Claim Details:		
Claimant alleges that on September 13, 2022 at 2:42 p.m. a District employee turned on the water line to his home without providing notice to him and caused flooding to his bathroom and damage to personal items.		

Reason For Request Of Claim Denial:

Staff has been instructed by ACWA Joint Powers Insurance Authority to deny the claim. Claimant hasn't been very responsive to the Third Party Administrator's outside Adjuster for inspection requests.

BOARD OF DIRECTORS STAFF REPORT

DATE: November 17, 2022
TO: Board of Directors

FROM: Van Jew, Acting General Manager

SUBJECT: PURCHASE OF LAPTOPS TO SUPPORT THE SCADA UPGRADE

PROJECT

BACKGROUND:

West Valley Water District (District's) SCADA system is the control center and user interface for the automation at each District water system facility. The SCADA system monitors reservoir levels and automatically starts and stops groundwater wells and booster pump stations. Upgrading the server hardware and updating the software is necessary to ensure that the system remains reliable and secure. The last upgrade project was completed in 2017.

DISCUSSION:

The FY 2022 – 2023 Capital Improvement Budget included funding of \$185,000.00 for a SCADA Upgrade project. The scope of the project was to upgrade the software and hardware, with the hardware being defined as "the host SCADA servers in a VMWare ESXi Virtualized configured system." The project was discussed at the July 13, 2022 Engineering, Operations, and Planning Committee. It was approved at the July 21, 2022 Regular Board of Directors Meeting.

To support the SCADA Upgrade project, staff is proposing to replace the laptops that Operations staff uses to connect to the SCADA system. The existing laptops were placed into service in 2017 during the last SCADA upgrade. Staff originally anticipated that ruggedized laptops would be required to meet the needs of Operations staff. However, after reviewing the project needs and testing various laptops, Operations staff and IT staff determined that fully ruggedized laptops are not required and that 15" Microsoft Surface Laptop 4's would meet the operational needs.

Staff obtained quotes from 3 vendors. The results are summarized in the table below and the individual quotes are attached as **Exhibits A, B, and C**.

	Per Unit	Total w/Tax
Vendor	Price	& Fees
CDW-G	1,081.17	17,534.41
Provantage	1,086.76	17,583.09
Insight	1,134.36	18,514.07

FISCAL IMPACT:

The FY 2022 – 2023 Operating Budget for 100-5640-530-5410 Miscellaneous / Computer Supplies & Maintenance included funding of \$37,500.00 for 15 ruggedized laptops to support the SCADA Upgrade Project.

STAFF RECOMMENDATION:

Staff recommends that the Board of Directors to approve the purchase of 15 laptops from CDW-G in the amount \$17,534.41 to support the SCADA Upgrade Project.

Respectfully Submitted,

Van Jew, Acting General Manager

BOARD OF DIRECTORS STAFF REPORT

DATE: November 17, 2022 TO: Board of Directors

FROM: Van Jew, Acting General Manager

SUBJECT: POTENTIAL HOLIDAY CLOSURE 2022

BACKGROUND:

In recent times (including last year), in recognition of the loyal and dedicated service provided by District employees, the Board of Directors has approved the closure of the District from its normal business hours during the time between Christmas and New Year's Day.

DISCUSSION:

A subsequent repeat of this staff recognition this year will result in three additional days of closure, December 27 to December 29 (Tuesday through Thursday) that would otherwise be business days. In event that such recognition and closure is again declared, staff will still ensure that essential water treatment, supply and meter reading services will be maintained by the operations staff per the standard operating procedures appropriate for night, weekend, and holiday operations.

On October 10, 2022, the Human Resources Committee recommended this item be presented to the Board of Directors for consideration and authorize this staff recognition and 3-day holiday closure, staff has meet and conferred on this matter with the representatives of the International Union of Operating Engineers, Local 12. The union agreed to the proposed closure dates as long as the terms of the MOU are followed as it pertains to holiday pay and overtime pay. (Exhibit A)

This may be the last year of this tradition and at the completion of the Classification and Compensation it will be re-evaluated and determined if the tradition should continue.

FISCAL IMPACT:

The FY 22-23 Budget includes salary and benefits for all staff for the entire fiscal year, therefore; the District will not incur any additional cost for the holiday closure.

STAFF RECOMMENDATION:

Staff recommends that the Board of Directors authorize the Holiday Closure as presented.

Van Jew

Re: Winter Closure

Dear Ms. Sainz:

IUOE, Local No. 12 is in receipt of you email request for Winter Closure from December 23, 2022 – January 2, 2023.

IUOE, Local No. 12 has no issue with agreeing to December 27-29, 2022, as Administrative Holidays. As such any work performed on these days would be paid in accordance with the collective bargaining agreement ARTICLE VI, Section D (Overtime), of the Collective Bargaining Agreement between WEST VALLEY WATER DISTRICT AND INTERNATIONAL UNION OF OPERATING ENGINEERS, LOCAL UNION NO. 12.

Please feel free to contact my office should you have any questions.

Sincerely,

David Garbarino, President I.U.O.E., Local Union No. 12

BOARD OF DIRECTORS STAFF REPORT

DATE: November 17, 2022 TO: Board of Directors

FROM: Van Jew, Acting General Manager

SUBJECT: CLARIFIER REPAIRS AT THE OLIVER P. ROEMER WATER

TREATMENT PLANT

BACKGROUND:

The Oliver P. Roemer Water Treatment (Roemer) Plant has six identical package treatment units called Trident filters. Each Trident filter has a design flow of 2.4 million gallons per day and consists of an upflow contact-clarifier followed by a multi-media gravity filter. The upflow contact-clarifier is a rectangular, compartmentalized adsorption clarifier packaged treatment unit. The adsorption clarification process has been rated as equivalent to the flocculation-sedimentation process. Water flows up through about four feet of proprietary plastic beads, producing flocculation, settling, and removal of some the suspended solids. From there, the water overflows into the multi-media filters.

Torn gasket strips, media loss, and various media migration issues in one of the clarifiers have been reported recently. District staff has taken the clarifier out of service and has identified a need to address the problems by replacing approximately 100 feet of gasket strips between the media retainer screen and under the media retainer screen in clarifier no. 4.

DISCUSSION:

District staff reached out to 3 firms to obtain quotes. Advanced Industrial Services declined to quote due to workload issues. WesTech, the manufacturer of Trident Filters, submitted a quote for parts but declined to quote for labor costs. District staff lacks the proper training to perform inspections and repairs, and lacks the proper equipment to remove three heavy I-beams inside the clarifier. ERS Industrial Services, Inc. submitted a quote in the amount of \$10,840.00 for a turnkey service to replace gasket strips and torque down on the clarifier afterward. Attached as **Exhibit A** is the quote. Staff is recommending a purchase order be issued to ERS Industrial Services, Inc. in the amount of \$11,500.00 to account for a slight contingency for unforeseen circumstances.

FISCAL IMPACT:

This item is included in the Fiscal Year 2022/23 Operating Budget and will be funded from GL 100-5390-540-5614 titled "Repair & Maintenance/Structures/Facility".

STAFF RECOMMENDATION:

Staff recommends to the Board of Directors to issue a purchase order to ERS Industrial Services, Inc. in the amount not to exceed \$11,500.00 for clarifier repairs.

Respectfully Submitted,

Van Jew, Acting General Manager

Dear Sergio:

ERS is pleased to submit its proposal for our TurnKey Service replace gasket on (1) clarifier section of (1) trident unit located in Rialto Ca.

Scope of Supply:

- Remove screens, replace gasket, reinstall screens and torque down on 1 trident filter unit Clarifications:
 - Quote is to repair the gaskets only; any repairs or replacement of the screens or frames will be on a separate Quote.

Price does not include bonding
Price does not include any valves, instruments or controls
ERS will require a media sample for Disposal Testing prior to scheduling the project.
ERS will also repair or replace existing underdrains as needed, on a time and materials basis.
Disposal testing and transport to be executed in compliance with RCRA Subtitles C & D

Standard Provisions:

- 1. Qualified manpower:
 - a. Onsite Supervisor/Environmental Technician/Hole Watch
 - Certifications in Forklift/Reach Lift, Crane Operator, Confined Space & Rescue, and First Aid/CPR/AED
- 2. Equipment and PPE:
 - a. High-power industrial vacuum system
 - b. Ventilation fan for air circulation
 - c. Four gas monitors for pre-entry and continuous LEL testing
 - d. Air-purifying respirators (supplied air respirators available if required)
- 3. Safety Regulations:
 - a. Confined Space:
 - i. Tripod/winch for emergency evacuation
 - ii. Fall arrest harnesses with safety lanyards for all men

BOARD OF DIRECTORS STAFF REPORT

DATE: November 17, 2022 TO: Board of Directors

FROM: Van Jew, Acting General Manager

SUBJECT: REDUCED PRESSURE BACKFLOW PREVENTERS

BACKGROUND:

West Valley Water District (District) manages all hydrant meters for construction projects that use water from fire hydrants throughout the District. Each hydrant meter is required to have a Reduced Pressure (RP) backflow preventer for cross-connection control. There are a few different types of backflow preventers available, and the type of backflow preventer required by the District is based on the degree of hazard posed by the cross connection. The degree of hazard may be classified differently, but the two main degrees include high hazard and low hazard. RP backflow preventers are designed for use in both low-hazard and high-hazard scenarios.

A cross-connection is a point in a drinking water system where the potable water supply is connected to a non-portable source. Pollutants or contaminants can enter the drinking water system through uncontrolled cross connections when backflow occurs.

DISCUSSION:

District staff obtained three quotes to purchase eighteen RP backflow preventers. The quotes were as follows:

Grainger	USA Blue Book	SupplyHouse.com
\$22,828.49	\$25,774.99	\$27,108.97
Shipping Included	Add Shipping	Shipping Included

The lowest quote from Grainger for eighteen backflow preventers is \$21,186.54. With estimated tax, the total comes to \$22,828.49. Grainger does not charge for standard ground shipping. Attached as **Exhibit A** is the quote from Grainger. Staff is recommending a purchase order be issued to Grainger in the amount of \$23,500 to account for a slight contingency for unforeseen circumstances.

FISCAL IMPACT:

This item is included in the Fiscal Year 2022/23 Operating Budget and will be funded from GL 100-5310-540-5602 titled "Repair & Maintenance/Structures/Facility.

STAFF RECOMMENDATION:

Staff recommends to the Board of Directors to issue a purchase order to Grainger in the amount not-to-exceed \$23,500 for eighteen backflow preventers.

Respectfully Submitted,

Van Jew, Acting General Manager

WEST VALLEY WATER DISTRICT 855 W Base Line Rd Rialto, California 92376-3103

BOARD OF DIRECTORS STAFF REPORT

DATE: November 17, 2022 TO: Board of Directors

FROM: Van Jew, Acting General Manager

SUBJECT: WATER SYSTEM INFRASTRUCTURE INSTALLATION AND

CONVEYANCE AGREEMENT, OUT-OF-AGENCY SERVICE

AGREEMENT, PLAN FOR SERVICE AND RESOLUTION 2022-29 FOR

GATX CORPORATION

BACKGROUND:

GATX Corporation, ("Applicant") is the owner of land located at 20878 Slover Avenue in the City of Colton, south of Interstate 10, north of Slover Avenue, and east of Pepper Avenue. The existing property is outside of the West Valley Water District's ("District") service area and sphere of influence and is currently served by a private on-site well which provides domestic and fire services to the facility. The Applicant has notified the District that their well has exceeded the maximum contaminant level for perchlorate and is no longer able to provide potable water service to the site. In order to comply with San Bernardino County Department of Public Health's Compliance Order No. 05_66_21R_022, the Applicant has requested to be annexed into the District's service area and receive all new water connections for the facility. The Applicant will be required to extend a 12-inch ductile iron water main 160-ft north, from the intersection of Slover and Pepper Avenue, to the project frontage, in order to obtain water service from the District.

DISCUSSION:

The District and the Applicant wish to enter into a Water System Infrastructure Installation and Conveyance Agreement ("Agreement") and supply water to the site. This Agreement outlines the responsibilities of the owner in constructing facilities, including insurance, indemnification and bonding requirements as well as conveyance and acceptance of the water system by the District. Attached as **Exhibit A** is a copy of the Agreement for this project.

In an effort to help expedite the establishment of water service to the site, the Applicant has requested that the District prepare an Out-of-Agency Service Agreement ("OAS") for consideration by the Land Agency Formation Commission ("LAFCO") for San Bernardino County, attached as **Exhibits B**. The OAS allows the District to provide water service on an emergency basis outside of its service area while the project formally undergoes the LAFCO annexation process per California Government Code Section 56133(c). As the site is located within the Sphere of Influence of the City of Colton ("City"), the Applicant and LAFCO have notified the City of its intention to obtain emergency water service from the District and its desire to be annexed into the District's service

area, since the City does not have any water facilities within the vicinity of the project.

A Plan for Service must be prepared and reviewed by LAFCO and Resolution adopted by the District in order to complete the annexation request as mandated by California Government Code Section 56653. Attached as **Exhibit C and D** are the Plan for Service for GATX and Resolution 2022-29.

FISCAL IMPACT:

The GATX site will be a newly established rate payer, required to pay for all new connection fees resulting from the project. Going forward the site will be metered for water consumption at the Out-of-District rates for domestic and fire service, until the property is completely annexed into the District at a future date.

STAFF RECOMMENDATION:

Staff recommends to the Board of Directors to:

- 1. Authorize entering into a Water System Infrastructure Installation and Conveyance Agreement and Out-of-Agency Service Agreement with GATX Corporation.
- 2. Approve the Plan for Service and Adopt Resolution 2022-29.
- 3. Authorize the Acting General Manager to execute all necessary documents.

Respectfully Submitted,

Van Jew, Acting General Manager

EXHIBIT A

WATER SYSTEM INFRASTRUCTURE INSTALLATION AND CONVEYANCE AGREEMENT

This water system infrastructure installation and conveyance agreement ("Agreement") is entered into and effective as of **November 17, 2022**, by and between **GATX CORPORATION** ("Developer"), and **WEST VALLEY WATER DISTRICT** ("District") who agree as follows:

The Developer is the owner of certain land described as 20878 Slover Ave, Colton, CA (GATX - APN 0254-192-02) and as more fully (or further) shown on Exhibit "A". In developing this land, the Developer is desirous of obtaining a public water supply adequate for domestic uses and public fire protection purposes and is desirous of integrating that water system into the District's public water system.

In order to provide facilities for a water supply to said land, it is the intention of the parties to this Agreement that the Developer shall furnish and install those water mains, fire hydrants, service laterals, water meters and valves, valve boxes, and all other appurtenant fittings and facilities required for a complete water system to serve the land shown on Exhibit "A".

In order to implement the foregoing and in consideration of the terms and conditions herein contained, the parties further agree as follows:

1. DESIGN

- 1.1. Developer shall design and construct, at the Developer's own expense, the water facilities and appurtenances required to serve the development in accordance with final District-approved plans known as **WATER IMPROVEMENT PLANS FOR GATX**, as approved and provided at a later date attached herein as <u>Exhibit "B"</u> and in accordance with District-approved design standards and specifications, and the terms and conditions of this Agreement.
- 1.2. The water system design shall be by a Professional Engineer registered in the State of California, and in accordance with the District's most recent Rules and Regulations (the "Rules and Regulations"), the District's Standards for Domestic Water Facilities and Standard Drawings herein included by reference, all applicable District ordinances and policies and all City, County of San Bernardino, State of California, and Federal laws, ordinances, rules, regulations, codes and other legal requirements of all government bodies having jurisdiction over said construction and property (all of the foregoing requirements in this paragraph being collectively referred to herein at times as "Legal Requirements").
- 1.3. The District, at Developer's expense, shall review Developer's plans for the purpose of ensuring the adequacy of the design and conformance with the District's standards and specifications. The District reserves the right to add, delete, modify, change or amend any or all the plans and specifications.
- 1.4. In the event that the property to be developed includes multiple residential, condominiums, commercial or industrial uses, all site plans, grading plans, and any available plumbing plot plans shall be furnished to the District by Developer.

1.5. The District makes no warranties as to the correctness, accuracy or completeness of the plans and specifications. The accuracy, adequacy, suitability, and correctness of the water system design shall be the sole responsibility of the Developer.

2. CONSTRUCTION

- 2.1. Developer shall perform, or caused to be performed, all construction of the water system infrastructure installation pursuant to the approved water system plans, and all Legal Requirements.
- 2.2 The performance of this Agreement shall commence within ninety (90) calendar days from the date of this Agreement and shall be completed within one (1) year from the estimated construction start date.
- 2.3. Time is of the essence in this Agreement; provided that, in the event good cause is shown therefore, the general manager of the District ("General Manager") may extend the time for completion of the water system installation. Any such extension may be granted without the notice to Developer's surety, and extensions so granted shall not relieve the surety's liability on the bond to secure faithful performance of this Agreement. The General Manager shall be the sole and final judge as to whether or not good cause has been shown to entitle Developer to an extension.
- 2.4. The Developer and its contractor and subcontractors shall attend a preconstruction meeting with the District at the District's headquarters no less than five (5) working days prior to commencement of construction.
- 2.5. No work on water facilities shall commence prior to the completion of all required curbs and gutters.

3. LICENSES AND PERMITS

- 3.1. Developer, and all of Developer's contractors and subcontractors warrants it possesses, or shall obtain, and maintain during the term of this Agreement any and all licenses, permits, qualifications, insurance and approval of whatever nature that are legally required of Developer, its contractors, and all subcontractors to practice its profession, skill or business.
- 3.2. The work to be performed under this Agreement, except meter installations, shall be performed by Developer, or a contractor or subcontractor who is pre-approved by the District and is licensed under the laws of the State of California in the specialty Class of "C-34" Pipeline or Class "A" General Engineering. A copy of the contract between Developer and the selected pre-approved contractor and all subcontractors shall be submitted to the District for review and approval.
- 3.3. Excavation/resurfacing permits shall be secured by Developer at Developer's expense. Permits/easements to install, maintain and operate water system facilities in private property shall be secured by Developer at Developer's own expense prior to construction.

3.4. Developer shall, at Developer's own expense, be responsible for obtaining and adhering to a National Pollution Discharge Elimination System (NPDES) permit from the Regional Water Quality Board as required for construction or pipeline flushing and disinfection.

4. INSURANCE REQUIREMENTS

- 4.1. The following insurance requirements have been adopted by the District and shall be applicable to this Agreement. These requirements supersede the insurance requirements set forth in any other reference of the District, and to the extent of any conflict, the specified requirements herein shall prevail.
- 4.2. Developer shall ensure that Developer's contractors conform to the following insurance requirements and that all required documents are submitted to the District at the time of Agreement submittal: Developer shall ensure that its contractors and all subcontractors shall purchase and maintain insurance in amounts equal to the requirements set forth in (a) through (d) below, and shall not commence work under this Agreement until all insurance required under this heading is obtained in a form acceptable to the District, nor shall Developer allow any contractor or subcontractor to commence construction pursuant to a contract or subcontract until all insurance required of the contractor and any subcontractors has been obtained.
- a. <u>General Liability</u>: Developer shall ensure that its contractor and all subcontractors shall maintain during the life of this Agreement, a standard form of either Comprehensive General Liability insurance or Commercial General Liability insurance ("General Liability Insurance") providing the following minimum limits of liability: Combined single limit of \$1.0 million per occurrence for bodily injury, including death, personal injury, and property damage with \$2.0 million minimum aggregate, separate for this project as evidenced by endorsement. The insurance shall include coverage for each of the following hazards: Premises-Operations; Owners and Contractors Protective; Broad Form Property Damage contractual for Specific Contract; Severability of Interest or Cross-Liability; XCU Hazards; and Personal Injury With the "Employee" Exclusive Deleted.
- b. <u>Automotive/Vehicle Liability Insurance</u>: Developer shall ensure that its contractor and all subcontractors shall maintain a policy of automotive/vehicle liability insurance on a commercial auto liability form covering owned, non-owned and hired automobiles providing the following minimum limits of liability: Combined single limit of liability of \$1.0 million per accident for Bodily Injury, Death and Property Damage ("Automotive/Vehicle Liability Insurance").
- c. <u>Workers' Compensation Insurance</u>: Developer shall ensure that its contractor and all subcontractors shall provide such workers' compensation insurance with statutory minimum amounts of coverage, as required by the California *Labor Code* and other applicable law, and including employer's liability insurance with a minimum limit of \$1,000,000.00 ("Workers' Compensation Insurance"). Such Workers' Compensation Insurance shall be endorsed to provide for a waiver of subrogation against the District.
- d. <u>Excess Liability</u>: Developer shall ensure that its contractor and all subcontractors shall provide a policy providing excess coverage in a face amount necessary when

combined with the primary insurance, to equal the minimum requirements for General Liability Insurance and Automotive/Vehicle Liability Insurance.

- 4.3. The insurances provided for in Section 4.2 and its subsections above are subject to all of the following conditions:
- a. The insurance shall be issued and underwritten by insurance companies acceptable to the District, and shall be licensed by the State of California to do business on the lines of insurance specified. The insurers must also have an "A-" Policyholder's rating" and a "financial rating" of at least Class VII in accordance with the most current A.M. Best's Rating Guide.
- b. Developer's contractor and subcontractors may satisfy the limit requirements in a single policy or multiple policies. Any such additional policies written as excess insurance shall not provide any less coverage than that provided by the first or primary policy.
- c. Any costs associated with a self-insured program, deductibles, or premium rating programs that determine premium based on loss experience shall be for the account of Developer, Developer's contractor and subcontractors, and the District shall not be required to participate in any such loss. If any such programs exist, Developer, Developer's contractor and subcontractors, agree to protect and defend the District in the same manner as if such cost provisions were not applicable.
- d. Developer shall ensure that its contractor and all subcontractors shall have presented at the time of execution of the Agreement, the original policies of insurance and a certificate of insurance naming the District as the certificate holder and that such coverage is in force and complies with the terms and conditions outlined herein.
- e. If an insurance policy contains a general policy aggregate of less than the minimum limits specified, then the policy coverage shall be written with limits applicable solely to this Agreement, as specified, and shall not be reduced by or impaired by any other claims arising against Developer. These policy limits shall be set forth by separate endorsement to the policy.
- 4.4. Each such policy of General Liability Insurance and Automotive/Vehicle Liability Insurance shall contain endorsements providing the following:
- a. The District, their board members, officers, agents, employees, consultants, and engineers, are hereby declared to be additional insureds under the terms of this policy, but only with respect to the operations of the Developer at or upon any of the premises of the District in connection with the Agreement with the District, or acts or omissions of the additional insureds in connection with, but limited to its general supervision or inspection of said operations and save for any claims arising from the sole negligence or sole willful misconduct the District.
- b. No policy shall be canceled, limited, materially altered, or non-renewed by the insurer until thirty (30) days after receipt by the District of a written notice of such cancellation or reduction in coverage.
- c. This insurance policy is primary insurance and no insurance held or owned by the designated additional insureds shall be called upon to cover a loss under this policy.

5. BONDING REQUIREMENTS

- 5.1. Developer shall provide a Contractor's proposal based on the District approved water system plans. The Developer will provide a Contractor's proposal and will be submitted to the District for review and approval at a later date (Exhibit "C"), and shall be used as the basis for bonding requirements for the water system described in the plans provided to the District by the Developer and approved for construction by the District.
- 5.2. Performance Bond: The Contractor's proposal from the Developer for WATER IMPROVEMENT PLANS FOR GATX, is TBD –DEVELOPER WILL PROVIDE BOND AMOUNT AT A LATER DATE DOLLARS and 00/100 (\$0.00). Developer shall and by this Agreement does guarantee the Developer's faithful performance of this Agreement and all of its terms and conditions. The Developer shall provide the District with a performance bond from a surety institution licensed by the State of California and authorized to do and doing business in said State, valid and renewable until such improvements are accepted by the District. The performance bond shall be in the amount of DEVELOPER WILL PROVIDE BOND AMOUNT AT A LATER DATE TBD DOLLARS and 00/100 (\$0.00) equal to 100 percent of the approved Developer's estimate.
- 5.3. <u>Warranty Bond</u>: The Developer's pre-approved contractor shall furnish a two-year warranty bond for all work completed in accordance with the approved plans. The approved plans will be provided at a later date (<u>Exhibit "B"</u>). Before District's acceptance of the completed water facilities and appurtenances, such facilities and appurtenances shall be free from any and all liens and encumbrances and free from any and all defects in the materials or construction thereof. The two-year warranty shall be a warranty bond beginning on the date of acceptance of the water facilities by the District.

6. MATERIALS

6.1. The water system facilities to be installed pursuant to this Agreement shall become an extension of the distribution system of the District. All materials used must conform to District specifications for such materials pursuant to all applicable Legal Requirements.

7. NOTICES

- 7.1. All notices herein required shall be in writing, and delivered in person or sent by registered mail, postage prepaid.
 - 7.2. Notices required shall be given to the **District** addressed as follows:

WEST VALLEY WATER DISTRICT

Attn: General Manager Post Office Box 920 Rialto, CA 92377

RE: WATER IMPROVEMENT PLANS FOR GATX

7.3. Notices required shall be given to **Developer** addressed as follows:

GATX CORPORATION 20878 SLOVER AVE CORONA, CA 92324

RE: WATER IMPROVEMENT PLANS FOR GATX

7.4. Notices required shall be given to **Surety** addressed as follows:

SURETY NAME:

ADDRESS

RE: TRACT 20207 WATER IMPROVEMENT PLANS

- 7.5. Provided that any party or Surety may change such address by notice in writing to the other party, and thereafter, notices shall be addressed and transmitted to the new address.
- 7.6. The Developer or its contractor shall provide the District forty-eight (48) hours advance notice of request for inspection or testing.
 - 7.7. The District is closed on the holidays listed in Exhibit "D".

8. NOTICE TO PROCEED TO CONSTRUCT WATER SYSTEM FACILITIES

8.1. Upon acceptance of the insurance and aforementioned bonds in the amounts provided herein and approval by the District and upon payment of all applicable charges, the Agreement shall be signed by Developer and the District. The District shall return an original copy of the signed Agreement with a letter to Developer giving notice to proceed to construct the water system facilities.

9. INSPECTION

- 9.1. It is understood that the sole purpose and intent of the District's inspection and testing is to validate that the materials, workmanship, and construction of the water facilities are in compliance with the District-approved final plans, the District's Rules and Regulations, the Standards for Domestic Water Facilities, the Standard Drawings, and all other applicable District requirements. Developer acknowledges and represents that it assumes full and sole responsibility for the safety and management of the project.
- 9.2. Developer shall at all times maintain proper facilities and provide safe access for inspection by the District to all parts of the work and to the shops wherein the work is in preparation. Additionally, in connection with the performance of this Agreement, the District shall have the authority to enter the work site at any time for the purpose of identifying the existence of conditions, either actual or threatened, that may present a danger of hazard to any and all employees. Developer agrees that the District, in its sole authority and discretion, may order the immediate abatement of any and all conditions that may present an actual or threatened danger or hazard to any and all employees at the work site. Furthermore, Developer acknowledges the provisions of California *Labor Code* Section 6400 et seq., which requires that employers shall

furnish employment and a place of employment that is safe and healthful for all employees working therein. In the event the District identifies the existence of any condition that presents an actual or threatened danger or hazard to any or all employees at the work site, the District is hereby authorized to order an immediate abatement of that condition.

- 9.3. All work and materials shall be subject to inspection, testing, and acceptance by the District at Developer's expense. In the event Developer arranges to have materials fabricated for the project, Developer may be required to arrange for the District to inspect that material during fabrication at Developer's expense.
- 9.4. All material fabrications shall be preapproved by the District and must conform to District standards and specifications.
- 9.5. The District's inspectors shall have full, unlimited access to perform continuous inspection and have the authority to stop work at any time, by written notice, without any liability whatsoever to the District, if, in the inspectors' judgment, the work called for by this Agreement, or the District approved plans, or the specifications is not being installed or performed in a satisfactory and workmanlike manner according to District's standards and specifications and/or in the event the materials do not comply with the District's standards and specifications.
- 9.6. Final acceptance of all material to be purchased or fabricated by Developer under this Agreement shall be made only with the prior approval of the District. Approval by the District, however, shall not operate to relieve the material supplier or Developer of any guarantees, warranties, or the duty of compliance with any of the requirements of the approved plans and specifications or of this Agreement. All construction pursuant to this Agreement shall be inspected pursuant for conformity with District requirements. Developer shall pay actual costs for inspections.

10. TESTING AND DISINFECTION

10.1. All water system facilities and components constructed pursuant to this Agreement shall adhere to all requirements for testing, disinfection, and flushing pursuant to District standards and Legal Requirements.

11. RELOCATIONS, RECONSTRUCTIONS, AND DAMAGES

11.1. Developer accepts the responsibility for and the costs occasioned by any reconstruction, relocation, damages to, or changes of water services or facilities caused or contributed to directly or indirectly by any subsequent changes in the location of any of said facilities or water meters or water services.

12. AS-CONSTRUCTED DOCUMENTATION

12.1. In order for the District to accept the facilities, Developer shall provide all required documentation as specified in the Standards for Domestic Water Facilities, including As-Built drawings.

13. INDEMNIFICATION

- 13.1. Developer hereby agrees to and shall protect, defend, indemnify and hold the District and its board members, officers, agents, employees, and engineers free and harmless from any and all liability losses, damages, claims, liens, demands and cause of action of every kind and character including, but not limited to, the amounts of judgments, penalties, interests, court costs, attorney's/legal fees, and all other expenses incurred by the District arising in favor of any party, including claims, liens, debts, demands for lost wages or compensation, personal injuries, including employees or the District, death or damages to property (including property of the District) and without limitation by enumeration, all other claims or demands of every character occurring or in any way incident to, in connection with or arising directly or indirectly out of the obligations herein undertaken or out of the operations conducted by Developer save and except claims or litigation arising through the sole negligence or sole willful misconduct of the District or the District's agents and employees. Developer shall investigate, handle, respond to, provide defense for and defend any such claims, demand, or suit at the sole expense of Developer even if the claim or claims alleged are groundless, false or fraudulent. Developer agrees to, and shall defend the District and its members, directors, officers, agents, employees, and engineers from any suits or actions at law or in equity for damages caused, or alleged to have been caused, by reason of any of the aforesaid operations, provided as follows:
- a. That the District does not and shall not waive any rights against Developer which it may have by reason of the aforesaid hold harmless agreement, because of the acceptance by the District, or the deposit with District by Developer, or any of the insurance policies described in this Agreement.
- b. That the aforesaid hold harmless agreement by Developer shall apply to all damages and claims for damages of every kind suffered, or alleged to have been suffered, by reason of any or the aforesaid operations referred to in this subsection, regardless of whether or not District has prepared, supplied water system installation, or regardless of whether or not such insurance policies shall have been determined to be applicable to any such damages or claims for damages.

This provision is not intended to create any cause of action in favor of any third party against Developer or the District or to enlarge in any way Developer's liability but is intended solely to provide for indemnification of the District from liability for damage or injuries to third persons or property arising from Developer's performance hereunder.

13.2. Neither Developer nor any of Developer's agents, contractors or subcontractors are, or shall be, considered to be agents of the District in connection with the performance of Developer's obligations under this Agreement.

14. REPAIR OR RECONSTRUCTION OF DEFECTIVE WORK

14.1. If, within a period of two years after final acceptance of the work performed under this Agreement, any structure or part of any structure furnished and/or installed or constructed, or caused to be installed or constructed by Developer, or any of the work done under this Agreement, fails to fulfill any of the requirement of this Agreement or the specifications referred to herein, Developer shall, without delay and without any cost to District, repair or replace or reconstruct

any defective or otherwise unsatisfactory part or parts of the work structure. Should Developer fail to act promptly or in accordance with this requirement, or should the exigencies of the situation as determined by the District in the exercise of its sole discretion require repair, replacement or reconstruction before Developer can be notified, District may, at its option, make the necessary repairs or replacements or perform the necessary work, and Developer shall pay to the District the actual cost of such repairs.

15. COSTS AND FEES

- 15.1. Developer shall be responsible for all fees and deposits as required by the District. All fees and deposits, shall be paid in full prior to the execution of this Agreement and before construction can take place.
- 15.2. Any additional costs and fees shall be paid in full prior to conveyance and acceptance of the water system.

16. CONVEYANCE AND ACCEPTANCE OF WATER SYSTEM

- 16.1. Upon completion of the water system in accordance with the approved water plans and submission of the required documentation, the Developer shall convey the water system to the District.
- 16.2. The Developer shall be responsible for insuring the pre-approved contractor furnish an irrevocable letter of credit to the District or a warranty bond (One Hundred (100%) of Developer's estimate) for a period of two years as stated in Sections 5.3 of this Agreement, asbuilt drawings with contractor redlines and AutoCAD files, materials list with quantities, labor, equipment, and materials, water system cost breakouts, compaction test report signed and sealed by a California Registered Engineer, notice of completion filed with San Bernardino County Recorder, fire flow tests of all hydrants, all required easements for water facilities and unconditional financial release from subcontractors and material providers, Upon compliance with all the terms and conditions of this Agreement, the District shall prepare the conveyance agreement accepting the water facilities and forward same to the address provided herein. Title to the ownership of said facilities and appurtenances shall thereby be conveyed to the District. The District shall thereafter operate and maintain said facilities so as to furnish water service to the development (Exhibit "A") in accordance with the District's ordinances, policies and Rules and Regulations.

17. PERMANENT WATER SERVICE

17.1. In no event shall permanent water services be provided to Developer's installed system until all applicable charges and fees have been paid by Developer and all facilities have been conveyed, free of all encumbrances, to the District, including any easements which may be required. Such conveyance shall occur in a timely manner in accordance with the terms of this Agreement.

18. BREACH OR DEFAULT OF AGREEMENT

- 18.1. If Developer refuses or fails to obtain prosecution of the work, or any severable part thereof, with such diligence as will insure its completion within the time specified, or any extension thereof, or fails to obtain completion of said work within such time, or if Developer should be adjudged as bankrupt, or Developer should make a general assignment for the benefit of Developer's creditors, or if a receiver should be appointed in the event of Developer's insolvency, or if Developer, or any of Developer's contractors, subcontractors, agents or employees, should violate any of the provisions of this Agreement, the District's General Manager or the General Manager's designee may serve written notice upon Developer and Developer's surety of breach of this Agreement, or of any portion therefore, and default of Developer.
- 18.2. In the event of any such notice, Developer's surety shall have the duty to take over and complete the work and the improvement herein specified; provided, however, that if the surety, within five (5) days after the serving upon of such notice of breach, does not give the District written notice of its intention to take over the performance of the contract, and does not commence performance thereof within five (5) days after notice to the District of such election, District may take over the work and prosecute the same to completion, by contract or by any other method District may deem advisable, for the account and at the expense of Developer, and Developer's surety shall be liable to the District for any excess cost or damages occasioned District thereby; and, in such event, District, without liability for so doing, may take possession of, and utilize in completing the work, such materials, appliances, plant and other property belonging to Developer as may be on the site of the work and necessary therefore.

19. SUCCESSORS BOUND

19.1. This Agreement shall be binding upon and inure to the benefit of each of the parties and their respective legal representatives, successors, heirs, and assigns.

20. ENFORCEMENT OF PROVISIONS

20.1. The District's failure to enforce any provisions of this Agreement or the waiver thereof in any instance shall not be construed as a general waiver or relinquishment on its part of any such provision, but the same shall nevertheless be and remain in full force and effect.

ESTABLISHED AS A PUBLIC AGENCY IN 1952

WEST VALLEY WATER DISTRICT'S MISSION IS TO PROVIDE OUR CUSTOMERS WITH SAFE, HIGH QUALITY AND RELIABLE WATER SERVICE AT A REASONABLE RATE AND IN A SUSTAINABLE MANNER.

November 17, 2022

Samuel Martinez Local Agency Formation Commission for San Bernardino County 215 North "D" Street, Suite 204 San Bernardino, CA 92415-0490

Subject: Request for Approval of an Out-Of-Agency Service Agreement for GATX Corporation

Dear Mr. Martinez,

The intent of this letter is to request Local Agency Formation Commission's (LAFCO) consideration of the attached application for an Out-Of-Agency Service Agreement between West Valley Water District (WVWD) and General American Transportation Corporation (GATX). It is WVWD's desire to enter into an agreement with GATX to provide water service to APN 0254-291-02 on an interim basis while a Sphere of Influence expansion and Annexation are being concurrently considered by LAFCO. This request is being made to comply with San Bernardino County Department of Public Health's Compliance Order No. 05_66_21R_022 for GATX, whose onsite water supply has exceeded the maximum contaminant level of perchlorate and may no longer be used for potable water. A copy of the compliance order is attached for reference.

Due to the nature of the contamination, and GATX's inability to use its onsite water system, it is imperative that water service be established immediately, and scheduled prior to the completion of the Sphere of Influence and Annexation hearings. This agreement would allow essential services to be provided to GATX on an interim basis to avoid any public health risks, as authorized under Section 56133 (c) of the Government Code.

If you have any questions or need additional information, please contact Daniel Guerra at (909) 875-1804 xt.373 or by email at dguerra@wwwd.org.

Sincerely,

Van Jew Acting General Manager

The following questions are designed to obtain information related to the proposed agreement/contract to allow the Commission and staff to adequately assess the proposed service extension. You may include any additional information which you believe is pertinent. Please use additional sheets where necessary.

1.	(a)	List the type or types of service(s) to be provided by this agreement/contract.					
		Water Services for Potable, fire, and irrigation.					
	(b)	Are any of the services identified above "new" services to be offered by the agency? YES NO. If yes, please provide explanation on how the agency is able to provide the service.					
2.	Is the	property to be served within the agency's sphere of influence? YES NO					
3.	Please	e provide a description of the service agreement/contract.					
	Pre-ar	nnexation agreement					
1 .	(a)	Is annexation of the territory by your agency anticipated at some point in the future? YES NO. If yes, please provide a projected timeframe when it anticipates filing an application for annexation of territory that would include the area to be served. If no, please provide an explanation as to why a jurisdictional change is not possible at this time.					
		The Application for Annexation will be processed concurrently with the Pre- Annexation Agreement, however, it is anticipated that the Pre-Annexation Agreement will be completed ahead of the Annexation Agreement.					
	(b)	Is the property to be served contiguous to the agency's boundary? X YES NO. If yes, please provide explanation on why annexation to the agency is not being contemplated.					
		Annexation to the agency will be processed concurrently with the Pre-Annexation Agreement.					
5.	to a th Gover ⊠ YE	service agreement/contract outside the Agency's sphere of influence in response reat to the public health and safety of the existing residents as defined by nment Code Section 56133(c)? S					
		roject is requesting annexation to WVWD as a corrective action to a Compliance issued by SB EHS – Order #05-66-2IR-022 for perchlorate and Order #05-66-					

21R-077 for nitrate exceedance of MCL. See attached copies of the Orders.

(FOR LAFCO USE ONLY)

6.	(a)	What is the existing use of the property?
		Zoned Heavy Industrial. The site is currently owned by GATX, a company which cleans and maintains rail cars.
	(b)	Is a change in use proposed for the property? \square YES $\ \boxtimes$ NO. If yes, please provide a description of the land use change.
7.		service agreement/contract is for development purposes, please provide a ete description of the project to be served and its approval status.
	A 12-i appro	is an existing 24-inch water main at the intersection of Pepper Ave and Slover Ave nch water main is proposed to extend from the 24-inch line northerly in Pepper Ave ximately 154 feet. Potable, irrigation and fire service laterals will connected to the sed 12-inch line and extend to the GATX property.
8.	☐ YE condit	ere any land use entitlements/permits involved in the agreement/contract? S NO. If yes, please provide documentation for this entitlement including the ions of approval and environmental assessment that are being processed together project. Please check and attach copies of those documents that apply:
		Tentative Tract Map / Parcel Map Permit (Conditional Use Permit, General Plan Amendment, etc.) Conditions of Approval Negative Declaration (Initial Study) Notice of Determination (NOD)/Notice of Exemption (NOE) Department of Fish and Game (DFG) Receipt Others (please identify below)
9.	contra	ne agency proposing to extend service conducted any CEQA review for this act? YES NO. If yes, please provide a copy of the agency's environmental sment including a copy of the filed NOD/NOE and a copy of the DFG Receipt.

(FOR LAFCO USE ONLY)

10. Plan for Service:

(a) Please provide a detailed description of how services are to be extended to the property. The response should include, but not be limited to, a description of: 1) capacity of existing infrastructure, 2) type of infrastructure to be extended or added to serve the area, 3) location of existing infrastructure in relation to the area to be served, 4) distance of infrastructure to be extended to serve the area, and 5) other permits required to move forward with the service extension.

West Valley Water District currently has an existing 24-inch water main in Slover Avenue and a 24-inch main in Pepper Avenue (West). The two water mains are connected at the intersection of the two avenues. There are two separate roadway surfaces within the Pepper Avenue Right of Way which are divided by an earth median. The existing 24-inch water main is in the westerly roadway and the GATX property fronts on the easterly roadway. To serve the GATX site, a proposed 12-inch water line will be connected to the existing 24-inch water line and extend easterly in Slover Avenue and northerly in the easterly alignment of Pepper Avenue. From the 12-inch line there will be a proposed 4-inch potable water service and meter, and a 12-inch fire service. See the attached Proposed Water Exhibit.

(b) Please provide a detailed description of the overall cost to serve the property. The response should include the costs to provide the service (i.e. fees, connection charges, etc.) and also the costs of all improvements necessary to serve the area (i.e. material/equipment costs, construction/installation costs, etc.).

Description of Fees/Charges	Quantity	Unit Cost	Total
12-inch Ductile Iron Pipe Fully Restrained	154 LF	\$300.00	\$46,200.00
4-inch Potable Water Service w 4-inch	1 EA	\$2,200.00	\$2,200.00
Meter

(FOR	LAF	CΟι	JSE	ONL	Y)

(c) Please identify any unique costs related to the service agreement such as premium outside City/District rates or additional 3rd-party user fees and charges (i.e. fees/charges attributable to other agencies).

There are no unique costs related to the water main and services.

(d) If financing is to occur, please provide any special financial arrangement between the agency and the property owner, including a discussion of any later repayment or reimbursement (If available, a copy of the agreement for repayment/reimbursement is to be provided).

The property owner, GATX, is responsible for hiring a contractor for the installation and connection of the proposed water main and services to the West Valley Water District water main. The costs of improvements and financing are borne by the property owner.

11	Does the City/District have any policies related to extending service(s) outside its								
	boundary? YES NO. If yes, has a copy been provided to LAFCO?								
	YES NO. If not, please include a copy of the policy or policies (i.e.								
	resolution, municipal code section, etc.) as part of the application.

System No. 3601089

Yasmin Asghari Gen American Trans Corp. 233 South Wacker Dr. 50th Floor Chicago, Illinois 60606

COMPLIANCE ORDER NO. 05_66_21R_022 PERCHLORATE MAXIMUM CONTAMINANT LEVEL VIOLATION FOR 2021

Enclosed is Compliance Order No. 05_66_21R_022 (hereinafter "Order"), issued to the Gen American Trans Corp (hereinafter "GATX") public water system. Please note there are legally enforceable deadlines associated with this Order.

The GATX will be billed at the Division of Environmental Health Services (hereinafter "Division"), hourly rate for the time spent on issuing this Order. California Health and Safety Code (hereinafter "CHSC"), Section 116577, provides that a public water system must reimburse the Division for actual costs incurred by the Division for specified enforcement actions, including but not limited to, preparing, issuing and monitoring compliance with an order. At this time, the Division has spent approximately 0.50 hours on enforcement activities associated with this violation.

Any person who is aggrieved by a citation, order or decision issued under authority delegated to an officer or employee of the state board under Article 8 (commencing with CHSC, Section 116625) or Article 9 (commencing with CHSC, Section 116650), of the Safe Drinking Water Act (CHSC, Division 104, Part 12, Chapter 4), may file a petition with the State Water Board for reconsideration of the citation, order or decision.)

Petitions must be received by the State Water Board within 30 days of the issuance of the citation, order or decision by the officer or employee of the State Water board. The date of issuance is the date when the Division mails a copy of the citation, order or decision. If the 30th day falls on a Saturday, Sunday, or state holiday, the petition is due the following business day by 5:00 p.m.

Information regarding filing petitions may be found at:

http://www.waterboards.ca.gov/drinking_water/programs/petitions/index.shtml

If you have any questions regarding this matter, please contact Noah Hamm at 1-800-442-2283.

Sincerely,

Noah Hamm, REHS

Compliance Order No. 05 66 21R 022 1 SAN BERNARDINO COUNTY 2 DEPARTMENT OF PUBLIC HEALTH 3 DIVISION OF ENVIRONMENTAL HEALTH SERVICES 4 5 Name of Public Water System: Gen American Trans Corp 6 Water System No: 3601089 7 8 Attention: Ms. Yasmin Asghari, Financial Contact 9 233 S. Wacker Dr. 50th Floor 10 Chicago, Illinois 60606 11 12 Issued: April 6, 2021 13 14 COMPLIANCE ORDER FOR NONCOMPLIANCE WITH 15 CALIFORNIA HEALTH AND SAFETY CODE, SECTION 116555(a)(1) AND 16 CALIFORNIA CODE OF REGULATIONS, TITLE 22, 17 **SECTIONS 64431** 18 19 PERCHLORATE MAXIMUM CONTAMINANT LEVEL VIOLATION 20 2021 21 22 The California Health and Safety Code (hereinafter "CHSC"), Section 116655 23 authorizes the San Bernardino County, Division of Environmental Health Services 24 (hereinafter "Division"), to issue a compliance order to a public water system when 25 the Division determines that the public water system has violated or is violating the 26 California Safe Drinking Water Act (hereinafter "California SDWA"), (CHSC, Division 27

Compliance Order No. 05_66_21R_022

104, Part 12, Chapter 4, commencing with Section 116270), or any regulation, standard, permit, or order issued or adopted thereunder.

The Division, acting by and through its primacy delegation from the State Water Resources Control Board, hereby issues Compliance Order 05_66_21R_022 (hereinafter "Order"), pursuant to Section 116655 of the CHSC to the Gen American Trans Corp (hereinafter "GATX") for violation of CHSC, Section 116555(a)(1) and California Code of Regulations (CCR), Title 22, Section 64431.

STATEMENT OF FACTS

The GATX is classified as a Nontransient-Noncommunity (NTNC) public water system with a population of 70, serving one (1) connection. The GATX operates under Domestic Water Supply Permit No. 15-3601089-001 issued by the Division on February 26, 2015. The GATX is using a groundwater source to supply potable water to the service area.

CHSC, Section 116555(a)(1) requires all public water systems to comply with primary drinking water standards as defined in CHSC, Section 116275(c). Primary drinking water standards include maximum levels of contaminants, specific treatment standards, and monitoring and reporting requirements as specified in regulations adopted by the Division.

Pursuant to CCR, Title 22, Section 64431, public water systems shall comply with the primary maximum contaminant level (hereinafter "MCL") in table 64431-A as specified in this article and CCR, Title 22, 64432.3(d)(2), whenever the level of perchlorate in a single sample exceeds the perchlorate MCL of 0.006 mg/L (6 μ /L). The GATX is required to collect and analyze a confirmation sample within 48 hours of notification of the result. The GATX is in violation of the perchlorate MCL when

Compliance Order No. 05_66_21R_022

the average of the initial and confirmation samples exceeds the MCL and must report the results to the Division within 48 hours. On March 16, 2021 the analytical result of the sample collected from the Well showed it contained a perchlorate concentration of 7.2 μ /L exceeding the MCL. The required confirmation sample collected on March 24, 2021 had a perchlorate concentration of 7.7 μ /L. The average of the initial and confirmation sample was 7.45 μ /L, exceeding the perchlorate MCL.

DETERMINATION

The Division has determined that the GATX has failed to comply with primary drinking water standards pursuant to CHSC, Section 116555(a)(1) and the perchlorate MCL pursuant to CCR, Title 22, Section 64431.

DIRECTIVES

The GATX is hereby directed to take the following actions:

1. By May 1, 2024, comply with CCR, Title 22, Section 64431.

2. Quarterly sampling for perchlorate from Well must begin by April 1, 2021, and must continue every three months thereafter. The analytical results of the samples must be submitted electronically to the Division, by the laboratory, that conducts the analysis, no later than the tenth day of the month following completion of the analyses.

3. By **April 10, 2021** notify all persons served by the GATX of the violation of CCR, Title 22, Sections 64431 in conformance with Sections 64463.1(a)(6) and 64465. Appendix 1: Notification Template, must be used to fulfill this Directive, unless otherwise approved by the Division and contents of

Appendix 1 must be approved by the Division prior to issuance. The GATX must edit the wording of the notification template as necessary. The notification must be completed in accordance with the following:

- By radio or television;
- By posting in conspicuous locations throughout the area served by the GATX;
- By hand delivery to persons served by the GATX; or
- By other method approved by the Division, based on the method's ability to inform GATX users.
- 4. Complete Appendix 2, Compliance Certification Form, and submit together with a copy of the public notification required by Directive No. 3, to the Division within 10 days following each public notification. The first certificate of completion of public notification form is due on or before April 10, 2021.
- 5. Prepare a Corrective Action Plan for Division approval, identifying improvements to the water system designed to correct the water quality problems identified as an exceedance of the perchlorate MCL and ensure that the GATX delivers water to consumers that meets primary drinking water standards. The plan must include a time schedule for completion of each of the phases of the project, such as design, construction, and startup, and a date that shows when the GATX will be in compliance with the perchlorate MCL. The date must be no later than May 1, 2024.
- 6. By October 5, 2021, submit the Corrective Action Plan required under Directive No. 5 above, to the Division office located at:

Compliance Order No. 05_66_21R_022

County of San Bernardino – Environmental Health Services 385 N. Arrowhead Ave, 2nd floor San Bernardino, CA 92415

element of said plan, according to the time schedule set forth therein.

7. Perform the Division approved Corrective Action Plan, and each and every

- 8. By **May 13, 2021**, the GATX must submit an updated operations plan pursuant to Section 64600 to minimize use of the perchlorate contaminated source.
- By April 31, 2021 and every month thereafter, the GATX must record the monthly production of all sources, and submit a running report of the monthly production from each source to the Division.
- 10. By **July 10, 2021** and every three months thereafter, submit a report to the Division in the form provided as Appendix 3 showing actions taken during the previous quarter (calendar three months) to comply with the Corrective Action Plan.
- 11. By **May 1, 2024**, demonstrate to the Division that the water delivered by the GATX complies with the perchlorate MCL.
- 12. Include this violation in the 2021 Consumer Confidence Report in accordance with CCR, Title 22, Section 64481(g)(1).
- 13. By **April 19, 2021**, complete and return to the Division the "Notification of Receipt" form attached to this compliance order as Appendix 4. Completion of this form confirms that the GATX has received this Compliance Order and understands that it contains legally enforceable directives with due dates.

Compliance Order No. 05_66_21R_022

1	All submittals required by this Order, unless otherwise specified in the directives
2	above, must be electronically submitted to the Division at the following address. The
3	subject line for all electronic submittals corresponding to this Order must include the
4	following information: Water System name and number, compliance order number
5	and title of the document being submitted.
6	
7	Noah Hamm, REHS
8	Noah.Hamm@dph.sbcounty.gov
9	
10	The Division reserves the right to make modifications to this Order that it may deem
11	necessary to protect public health and safety. Such modifications may be issued as
12	amendments to this Order and shall be effective upon issuance.
13	
14	Nothing in this Order relieves the GATX of its obligation to meet the requirements of
15	the California SDWA (CHSC, Division 104, Part 12, Chapter 4, commencing with
16	Section 116270), or any regulation, standard, permit or order issued or adopted
17	thereunder.
18	
19	PARTIES BOUND
20	This Order shall apply to and be binding upon the GATX, its owners, shareholders,
21	officers, directors, agents, employees, contractors, successors, and assignees.
22	
23	SEVERABILITY
24	The directives of this Order are severable, and the GATX shall comply with each and
25	every provision thereof notwithstanding the effectiveness of any provision.
26	
27	FURTHER ENFORCEMENT ACTION

Compliance Order No. 05 66 21R 022

The California SDWA authorizes the Division, pursuant to authority delegated by the State Water Board, to issue a citation or order with assessment of administrative penalties to a public water system for violation or continued violation of the requirements of the California SDWA or any regulation, permit, standard, citation, or order issued or adopted thereunder including, but not limited to, failure to correct a violation identified in a citation or compliance order. Pursuant to its delegated authority, the California SDWA also authorizes the Division to take action to suspend or revoke a permit that has been issued to a public water system if the public water system has violated applicable law or regulations or has failed to comply with an order of the Division, and to petition the superior court to take various enforcement measures against a public water system that has failed to comply with an order of the Division. The Division does not waive any further enforcement action by issuance of this Order.

APPENDIX 1. NOTIFICATION TEMPLATE

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Este informe contiene información muy importante sobre su agua potable. Tradúzcalo o hable con alguien que lo entienda bien.

DRINKING WATER WARNING

Gen American Trans Corp water has high levels of perchlorate

DO NOT DRINK THE WATER OR USE IT TO MAKE INFANT FORMULA

Water sample results received [sample results date] showed perchlorate levels of [level and units]. This is above the perchlorate standard or maximum contaminant level (MCL), of 0.006 milligrams per liter (6 parts per billion). Perchlorate consumed in drinking water may interfere with iodide uptake in the body, leading to abnormal hormone levels in the body.

What should I do?

- DO NOT DRINK THE WATER OR USE IT TO MAKE INFANT FORMULA. Perchlorate has been shown to interfere with uptake of iodide by the thyroid gland, and to thereby reduce the production of thyroid hormones, leading to adverse affects associated with inadequate hormone levels. Thyroid hormones are needed for normal prenatal growth and development of the fetus, as well as for normal growth and development in the infant and child. In adults, thyroid hormones are needed for normal metabolism and mental function. Women who smoke and have low iodine intake appear to be particularly susceptible.
- Water, juice, and formula should not be prepared with tap water. Bottled water or other water low in perchlorate should be used until further notice.
- **DO NOT BOIL THE WATER.** Boiling, freezing, filtering, or letting water stand does not reduce the perchlorate level. Excessive boiling can make the perchlorate more concentrated because perchlorate remains behind when the water evaporates.
- If you have other health issues concerning the consumption of this water, you may wish to consult your doctor.

What happened? What is being done?

Perchlorate is an inorganic chemical often used in solid rocket propellant, fireworks, explosives, flares, matches, and a variety of industries. It usually gets into drinking water as a result of environmental contamination from historic aerospace or other industrial operations that used or use, store, or dispose of perchlorate and its salts. We will let you know when the amount of perchlorate is again below the limit.

[Describe corrective action, seasonal fluctuations, and when system expects to return to compliance.]

For more information, please contact [name of contact] at [phone number] or [mailing address].

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this public notice in a public place or distributing copies by hand or mail.

Secondary Notification Requirements

Upon receipt of notification from a person operating a public water system, the following notification must be given within 10 days [Health and Safety Code Section 116450(g)]:

- SCHOOLS: Must notify school employees, students, and parents (if the students are minors).
- RESIDENTIAL RENTAL PROPERTY OWNERS OR MANAGERS (including nursing homes and care facilities): Must notify tenants.
- BUSINESS PROPERTY OWNERS, MANAGERS, OR OPERATORS: Must notify employees of businesses located on the property.

COMPLIANCE ORDER NO. 05 66 21R 077 NITRATE MAXIMUM CONTAMINANT LEVEL EXCEEDANCE FOR SEPTEMBER, 2021

Enclosed is Compliance Order No. 05_66_21R_077 (hereinafter "Order"), issued to the Gen American Trans Corp (hereinafter "System"), public water system. Please note there are legally enforceable deadlines associated with this Order.

The System will be billed at the San Bernardino County, Division of Environmental Health Services (hereinafter "Division") hourly rate for the time spent on issuing this Order. California Health and Safety Code (hereinafter "CHSC") Section 116595 provides that a public water system must reimburse the Division for actual costs incurred by the Division for specified enforcement actions, including preparing, issuing, and monitoring compliance with an order. At this time, the Division has spent approximately 1 hour on enforcement activities associated with this violation.

Any person who is aggrieved by a citation, order or decision issued under authority delegated to an officer or employee of the Division under Article 8 (commencing with CHSC, Section 116625) or Article 9 (commencing with CHSC, Section 116650), of the Safe Drinking Water Act (CHSC, Division 104, Part 12. Chapter 4), may file a petition with the State Water Board for reconsideration of the citation, order or decision.

Petitions must be received by the State Water Board within 30 days of the issuance of the citation, order or decision by the officer or employee of the State Water Board. The date of issuance is the date when the Division of Drinking Water mails a copy of the citation, order or decision. If the 30th day falls on a Saturday, Sunday, or state holiday, the petition is due the following business day by 5:00 p.m.

Information regarding filing petitions may be found at:

http://www.waterboards.ca.gov/drinking_water/programs/petitions/index.shtml

If you have any questions regarding this matter, please contact Noah Hamm at 1-800-442-2283.

SDWA"), (CHSC, Division 104, Part 12, Chapter 4, commencing with Section 116270), 1 or any regulation, standard, permit, or order issued or adopted thereunder. 2 3 The Division, acting by and through its primacy delegation from the State Water Board, 4 hereby issues Compliance Order No. 05_66_21R_077 (hereinafter "Order") pursuant to 5 Section 116655 of the CHSC to the Gen American Trans Corp (GATX Corporation) 6 (hereinafter "System"), for violation of CHSC, Section 116555(a)(1) and California 7 Code of Regulations (hereinafter "CCR"), Title 22, Section 64431 Maximum 8 Contaminant Levels (hereinafter "MCL") - Inorganic Chemicals. 9 10 STATEMENT OF FACTS 11 The System is classified as a Nontransient-Noncommunity (NTNC) public water system 12 with a population of 70, serving 1 connection. The System operates under Domestic 13 Water Supply Permit No. 15-3601089-001 issued by the Division on February 26, 14 2015. The System is using groundwater source to supply potable water to the 15 distribution system. 16 17 CHSC, Section 116555 requires all public water systems to comply with primary 18 drinking water standards as defined in CHSC, Section 116275(c). Primary drinking 19 water standards include maximum levels of contaminants, specific treatment 20 standards, and monitoring and reporting requirements as specified in regulations 21 adopted by the Division. 22 23 CCR, Title 22, Section 64431 Maximum Contaminant Levels - Inorganic Chemicals 24 states that public water systems shall comply with the primary MCLs established in 25 table 64431-A. The MCL for Nitrate (as Nitrogen) is 10. milligrams per liter (hereinafter 26 "mg/L"). 27

28

The Division received laboratory results for 2 nitrate samples collected on 09/22/2020 and 9/30/2021 from Well (CA3601089_001_001). The average nitrate concentration from the 2 samples was 11 mg/L. A summary of the System's most recent nitrate monitoring results are presented in Table 1 below:

5

6

Table 1 – Well Nitrate Sample Results

Sample Date	Result (mg/L)	Type of Sample
9/22/2021	11	Initial
9/30/2021	11	Confirmation

Notification to the public of the nitrate violation was performed by the System on

October 6, 2021, in conformance with CCR, Title 22, Sections 64463.4 and 64465.

The Division has determined that the System has failed to comply with primary drinking water standards pursuant to CHSC, Section 116555 and the nitrate MCL pursuant to CCR, Title 22, Section 64431.

DETERMINATION

DIRECTIVES

To ensure that the water supplied by the System is at all times safe, wholesome, healthful, and potable, the System is hereby directed to take the following actions:

- 1. By May 1, 2024, comply with CCR, Title 22, Section 64431.
- Quarterly sampling for nitrate from Well (CA3601089_001_001) must begin by December 31, 2021, and must continue every three months thereafter. The analytical results of the samples must be submitted electronically to the Division,

by the laboratory, that conducts the analysis, no later than the tenth day of the month following completion of the analyses.

- 3. Monthly public notification to the customers of the System must begin by November 1, 2021 and continue monthly until the Division determines that the nitrate contamination is resolved. Public Notification must be conducted in conformance with CCR, Title 22, Sections 64463.1 and 64465. Appendix 1: Notification Template shall be used to fulfill this Directive, unless otherwise approved by the Division.
 - Public notification for new customers must be conducted in conformance with CCR, Title 22, Section 64463(e) where the System must give new customers a copy of the most recent public notice prior to or at any time service begins.
 - Monthly public notification must be provided every month even when a
 nitrate result shows a concentration below the nitrate MCL. The notice must
 be updated to include the following wording:
 - "Although the nitrate level(s) during the most recent monitoring period showed results below the MCL, nitrate levels in the water tend to fluctuate and it is possible that the nitrate level may increase at any time between sampling events. Public notification will continue until the nitrate problem is resolved."
- 4. Complete Appendix 2: Certification of Completion of Notification Form. Submit it together with a copy of the public notification required by Directive No. 3, to the Division within 10 days following each public notification. The first certification of completion of public notification form is due by January 10, 2021.

5. Prepare a Corrective Action Plan for Division approval, identifying improvements to the water system designed to correct the water quality problems identified as an exceedance of the nitrate MCL and ensure that the System delivers water to consumers that meets primary drinking water standards. The plan must include a time schedule for completion of each of the phases of the project, such as design, construction, and startup, and a date that shows when the System will be in compliance with the nitrate MCL. The date must be no later than May 1, 2024.

6. By March 31, 2021, submit the Corrective Action Plan required under Directive No. 5 above, to the Division office located at:

County of San Bernardino – Environmental Health Services 385 N. Arrowhead Ave, 2nd floor San Bernardino, CA 92415

- 7. Perform the Division approved Corrective Action Plan, and each and every element of said plan, according to the time schedule set forth therein.
- 8. By **November 30, 2021**, the System must submit an updated operations plan pursuant to Section 64600 to minimize use of the nitrate contaminated source.
- By October 31, 2021 and every month thereafter, the System must record the monthly production of all sources, and submit a running report of the monthly production from each source to the Division.
- 10. By **January 10, 2022** and every three months thereafter, submit a report to the Division in the form provided as Appendix 3 showing actions taken during the

previous quarter (calendar three months) to comply with the Corrective Action Plan.

11. By May 1, 2024, demonstrate to the Division that the water delivered by the System complies with the Nitrate MCL.

- 12. Notify the Division in writing no later than five (5) days prior to the deadline for performance of any Directive set forth herein if the System anticipates it will not timely meet such performance deadline.
- 13. By **October 31, 2021** complete and return to the Division the "Notification of Receipt" form attached to this Order as Appendix 5. Completion of this form confirms that the System has received this Order and understands that it contains legally enforceable directives with due dates.

All submittals required by this Order, unless otherwise specified in the directives above, must be electronically submitted to the Division at the following address. The subject line for all electronic submittals corresponding to this Order must include the following information: Water System name and number, compliance order number and title of the document being submitted.

Noah Hamm, REHS

Noah.Hamm@dph.sbcounty.gov

The Division reserves the right to make modifications to this Order that it may deem necessary to protect public health and safety. Such modifications may be issued as amendments to this Order and shall be effective upon issuance.

- Nothing in this Order relieves the System of its obligation to meet the requirements of the California SDWA (CHSC, Division 104, Part 12, Chapter 4, commencing with
- Section 116270), or any regulation, standard, permit or order issued or adopted thereunder.

PARTIES BOUND

This Order shall apply to and be binding upon the System, its owners, shareholders, officers, directors, agents, employees, contractors, successors, and assignees.

SEVERABILITY

The directives of this Order are severable, and the System shall comply with each and every provision thereof notwithstanding the effectiveness of any provision.

FURTHER ENFORCEMENT ACTION

The California SDWA authorizes the Division, pursuant to authority delegated by the State Water Board, to issue a citation or order with assessment of administrative penalties to a public water system for violation or continued violation of the requirements of the California SDWA or any regulation, permit, standard, citation, or order issued or adopted thereunder including, but not limited to, failure to correct a violation identified in a citation or compliance order. Pursuant to its delegated authority, the California SDWA also authorizes the Division to take action to suspend or revoke a permit that has been issued to a public water system if the public water system has violated applicable law or regulations or has failed to comply with an order of the Division, and to petition the superior court to take various enforcement measures against a public water system that has failed to comply with an order of the Division. The Division does not waive any further enforcement action by issuance of this Order.

APPENDIX 1. NOTIFICATION TEMPLATE

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Este informe contiene información muy importante sobre su agua potable.

Tradúzcalo o hable con alguien que lo entienda bien.

DRINKING WATER WARNING

Gen American Trans Corp has high levels of nitrate

DO NOT GIVE THE WATER TO
INFANTS UNDER 6 MONTHS OLD OR PREGNANT WOMEN
OR USE IT TO MAKE INFANT FORMULA

Water sample results received [Date] showed nitrate levels of [level and units]. This is above the nitrate standard, or maximum contaminant level (MCL), of 10 milligrams per liter. Nitrate in drinking water is a serious health concern for infants less than six months old.

What should I do?

- DO NOT GIVE THE WATER TO INFANTS. Infants below the age of six months who drink water containing nitrate in excess of the MCL may quickly become seriously ill and, if untreated, may die because high nitrate levels can interfere with the capacity of the infant's blood to carry oxygen. Symptoms include shortness of breath and blueness of the skin. Symptoms in infants can develop rapidly, with health deteriorating over a period of days. If symptoms occur, seek medical attention immediately.
- PREGNANT WOMEN SHOULD NOT CONSUME THE WATER. High nitrate levels may also affect the oxygen-carrying ability of the blood of pregnant women.
- Water, juice, and formula for children <u>under six months of age</u> should not be prepared with tap water. Bottled water or other water low in nitrates should be used for infants until further notice.
- **DO NOT BOIL THE WATER.** Boiling, freezing, filtering, or letting water stand does not reduce the nitrate level. Excessive boiling can make the nitrates more concentrated, because nitrates remain behind when the water evaporates.
- If you have other health issues concerning the consumption of this water, you may wish to consult your doctor.

What happened? What is being done?

Nitrate in drinking water can come from natural, industrial, or agricultural sources (including septic systems, storm water run-off, and fertilizers). Levels of nitrate in drinking water can vary throughout the year. We will let you know if the amount of nitrate is again below the limit.

[Describe corrective action, seasonal fluctuations, and when system expects to return to compliance.]

For more information, please contact Wally (Md) Waliullah at 909-777-5105.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this public notice in a public place or distributing copies by hand or mail.

Secondary Notification Requirements

Upon receipt of notification from a person operating a public water system, the following notification must be given within 10 days [Health and Safety Code Section 116450(g)]:

- SCHOOLS: Must notify school employees, students, and parents (if the students are minors).
- RESIDENTIAL RENTAL PROPERTY OWNERS OR MANAGERS (including nursing homes and care facilities): Must notify tenants.
- BUSINESS PROPERTY OWNERS, MANAGERS, OR OPERATORS: Must notify employees of businesses located on the property.

his notice is being sent to you by Gen American Trans Corp (GATX Corporation).

EXHIBIT C

PLAN FOR SERVICE

FOR

REQUEST FOR ANNEXATION TO WEST VALLEY WATER DISTRICT

FOR

GATX 20878 SLOVER AVENUE COLTON CA 92324

The GATX property is an approximately 34-acre site located on the northeast corner of Slover Avenue and Pepper Avenue, within the unincorporated area of the City of Colton. Operations at GATX consist of cleaning and maintaining rail cars that are leased to other entities. GATX currently draws water from an on-site well. Due to the current quality of the water being drawn from the on-site well GATX would like to disconnect from the well and is requesting to annex to West Valley Water District where they could be provided with potable and fire water.

Service to be provided to the GATX Property

West Valley Water District, WVWD currently has an existing 24-inch water main in Slover Avenue and a 24-inch main in Pepper Avenue (West). The two water mains are connected at the intersection of the two avenues. There are two separate roadway surfaces within the Pepper Avenue Right of Way which are divided by an earth median. The existing 24-inch water main is in the westerly roadway and the GATX property fronts on the easterly roadway. To serve the GATX site, a proposed 12-inch water line will be connected to the existing 24-inch water line and extend easterly in Slover Avenue and northerly in the easterly alignment of Pepper Avenue. From the 12-inch line there will be a proposed 4-inch potable water service with a 4-inch meter, and a 12-inch fire service with a 10-inch DCDA. See Exhibit "A", GATX Site Plan, showing the location of the existing WVWD water lines and the proposed water improvements.

Proposed Water Improvements

The proposed improvements for services to the GATX property include a connection to the existing 24-inch water main at the intersection of Pepper Avenue and Slover Avenue. The 12-inch diameter water main will extend easterly in Slover Avenue approximately 32.5 feet and northerly in Pepper Avenue approximately 131.5-feet. At the northerly end of the 12-inch main there are two proposed services, a 4-inch potable service with a 4-inch meter and backflow preventer and a 12-inch fire service with a 10-inch DCDA, which will provide water and fire water to the GATX property.

The Water Improvement Plans for the extension of the West Valley Water District have been prepared and approved by the District. A copy of the approved plans is attached to this report. The estimated construction date for the proposed water main and services is June 2023.

The property owner, GATX, is responsible for hiring a District Approved Contractor for the installation and connection of the proposed water main and services to the West Valley Water District water system. The costs of improvements and financing are borne by the property owner. The property owner is also responsible for obtaining an encroachment permit from the City of Colton prior to construction within Pepper Avenue and Slover Avenue.

Below is an estimated construction cost for the proposed water improvements.

Description of Fees/Charges	Quantity	Unit Cost	Total
12-inch Ductile Iron Pipe Fully Restrained	154 LF	\$300.00	\$46,200.00
4-inch Potable Water Service w 4-inch Meter	1 EA	\$2,200.00	\$2,200.00
4-inch Back Flow Preventer	1 EA	\$3,900.00	\$3,900.00
12-inch Fire Line Service	1 EA	\$3,600.00	\$3,600.00
10-inch DCA	1 EA	\$14,000.00	\$14,000.00
Pavement Trench and Repair	185 LF	\$30.00	\$5,550.00
Connection to Existing Main	1 EA	\$1,200.00	\$1,200.00
12-inch Blind Flange and Restrained Joint	1 EA	\$700.00	\$700.00
2-inch Air Valve Assembly	1 EA	\$1,800.00	\$4,600.00
Fire Hydrant Assembly	1 EA	\$3,600.00	\$3,600.00
Total Costs			\$85,550.00

Five (5)-year projection of revenues and expenditures

A five (5)-year projection of revenues and expenditures, including a narrative discussion of the sufficiency of revenues for anticipated extensions and operations, will be prepared by West Valley Water District.

An indication of whether the annexing territory is, or will be, proposed for inclusion within an existing or proposed improvement zone/district, redevelopment area, assessment district, or community facilities district.

No, this area is not part of an improvement zone, community facilities district or redevelopment area.

If retail water service is to be provided through this change, provide a description of the timely availability of water for projected needs within the area based upon factors identified in Government Code Section 65352.5 (as required by Government Code Section 56668(k)).

The District is capable of providing water service to the area. The initiation of water service to the site shall be contingent upon the "availability of water" as determined by the District at its sole discretion and in accordance with the prevailing rules, regulations and ordinances of the District in effect at the time that the water service is scheduled to commence. In addition, the district shall not be responsible for conditions that are beyond the District's control such acts of God, federal, state or county regulatory agency requirements or decisions, or legal actions initiated by other.

SUPPLEMENT SPHERE OF INFLUENCE AMENDMENT

INTRODUCTION: The questions on this form are designed to obtain data about the specific sphere of influence amendment application to allow the Commission, staff and others to adequately assess the application. You may also include any additional information that you believe is pertinent. Use additional sheets where necessary, and/or include any relevant documents.

SPHERE EXPANSION	SPHERE REDUCTION
	the following factors of consideration as outlined in . (If additional room for response is necessary, plea
The present and planned land use lands.	es in the area, including agricultural and open-space
	y industrial use and is currently utilized by GAT
This area is zoned for heav	y moustrial use and is currently utilized by GAT
	ng
railcar maintenance and cleani The present and probable need fo The GATX property currently its domestic, irrigation and fire wa	

of the District is serviced by the Zone 2 pressure system which can adequately supply the
domestic, fire and irrigation needs of the site.
The existence of any social or economic communities of interest in the area.
Bloomington community
The present and probable need for public facilities or services related to sewers, municipal and industrial water, or structural fire protection for any disadvantaged unincorporated community, as defined by Govt. Code Section 56033.5, within the existing sphere of influence.
Non-applicable – the area is not a disadvantaged unincorporated community
If the sphere of influence amendment includes a city sphere of influence change, provide a written statement of whether or not agreement on the sphere change between the city and county was achieved as required by Government Code Section 56425. In addition, provide a written statement of the elements of agreement (such as, development standards, boundaries, zoning agreements, etc.) (See Government Code Section 56425)
_Non- applicable
If the sphere of influence amendment includes a special district sphere of influence change, provide a written statement: (a) specifying the function or classes of service provided by the district(s) and (b) specifying the nature, location and extent of the functions or classes of service provided by the district(s). (See Government Code Section 56425(i))
This request will require a sphere of influence and boundary change for the West Valley
Water District. The District will be annexing this property into its service area and provide
potable water service to the GATX site
For any sphere of influence amendment either initiated by an agency or individual, or updated as mandated by Government Code Section 56425, the following service review information is required to be addressed in a narrative discussion, and attached to this supplemental form (See Government Code Section 56430):

a. Growth and population projections for the affected area.

Not applicable – the area is currently designated as industrial.

b. Location and characteristics of disadvantaged unincorporated communities within or contiguous to the sphere of influence.

Area north of the subject area is considered a disadvantaged unincorporated community.

- c. Present and planned capacity of public facilities and adequacy of public services, including infrastructure needs or deficiencies, including those associated with a disadvantaged unincorporated community.
- d. Financial ability of agencies to provide services.
- e. Status of, and opportunities for, shared facilities.

As a part of this application, the City/Town of

f. Accountability for community service needs, including governmental structure and operational efficiencies.

To address a current need for water service for the area.

If additional sheet are submitted or a separate document provided to fulfill Item #5, the narrative description shall be signed and certified by an official of the agency(s) involved with the sphere of influence review as to the accuracy of the information provided. If necessary, attach copies of documents supporting statements.

SAN BERNARDINO LAFCO APPLICATION AND PRELIMINARY ENVIRONMENTAL DESCRIPTION FORM

INTRODUCTION: The questions on this form and its supplements are designed to obtain enough data about the application to allow the San Bernardino LAFCO, its staff and others to adequately assess the proposal. By taking the time to fully respond to the questions on the forms, you can reduce the processing time for your proposal. You may also include any additional information which you believe is pertinent. Use additional sheets where necessary, or attach any relevant documents.

GENERAL INFORMATION

1.	NAME OF PROPOSAL: Annexation of GATX Property, APN 0254-192-02, into the West Valley							
	Valley Water District							
2.	NAME OF APPLICANT: GATX Corporation							
	APPLICANT TYPE: 🔀 Landowner 🔲 Local Agency							
	Registered Voter Other							
	MAILING ADDRESS:							
	20878 Slover Ave, Colton CA, 92325							
	PHONE: (<u>312</u>)621-6340							
	FAX: ()							
	E-MAIL ADDRESS: yasmin.asghari@gatx.com							
3.	GENERAL LOCATION OF PROPOSAL: Northeast corner of Slover Avenue and Pepper Avenue							
	in the City of Colton							
4.	Does the application possess 100% written consent of each landowner in the subject territory? YES NO If YES, provide written authorization for change.							
5.	Indicate the reason(s) that the proposed action has been requested.							
	GATX currently draws water from an on site well to serve the property with irrigation water,							
	potable water, and fire water. Due to the current quality of the well water, GATX would like to							
	disconnect their water services from the on site well. GATX is requesting to annex into the West							
	Valley Water District where they could be provided potable, irrigation, and fire water service lines							
	to serve their site.

RESOLUTION NO. 2022-29 A RESOLUTION OF APPLICATION BY THE BOARD OF DIRECTORS OF THE WEST VALLEY WATER DISTRICT, REQUESTING THE LOCAL AGENCY FORMATION COMMISSION TO TAKE PROCEEDINGS FOR THE SPHERE OF INFLUENCE AMENDMENT (EXPANSION) AND ANNEXATION OF TERRITORY TO THE WEST VALLEY WATER DISTRICT

WHEREAS, the Board of Directors of the West Valley Water District ("District") wishes to initiate proceedings pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, commencing with Section 56000 of the California Government Code for:

- 1. Sphere of Influence Amendment for the District (expansion); and,
- 2. Annexation to the District.

WHEREAS, a description and map of the area proposed for sphere of influence amendment and annexation is attached hereto as Exhibit "A" and "B" and by this reference incorporated herein; and,

WHEREAS, the proposed area is within the sphere of influence for the City of Colton; however, the proposed annexation will be consistent with the District's sphere of influence as proposed to be amended as part of this application; and,

WHEREAS, the District requests that the proposed annexation be subject to the standard terms and conditions imposed by the Local Agency Formation Commission; and,

WHEREAS, the reasons for the proposed sphere of influence amendment and annexation is to provide water service to the property in order to address the San Bernardino County Department of Public Health's Compliance Order No. 05 66 21R 022, issued on the property due to perchlorate issues; and,

NOW THEREFORE, BE IT RESOLVED by the Board of Directors of the West Valley Water District as follows:

Section 1. This Resolution of Application is hereby adopted and approved by the Board of Directors of the West Valley Water District, and the Local Agency Formation Commission for San Bernardino County is hereby requested to take proceedings for the sphere of influence amendments/reorganization of territory as described above, according to the terms and conditions stated above and in the manner provided by the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.

Section 2. The District acknowledges and agrees to the Local Agency Formation Commission for San Bernardino County's requirement for imposing legal indemnification

as outlined in Policy 3 of Chapter 2 of the Accounting and Financial Section of its Policy and Procedure Manual.

Section 3. The General Manager is hereby directed and authorized to execute, on behalf of the District, the justification for proposal form and supplemental forms for the sphere of influence amendment and annexation, which includes the Plan for Service and Fiscal Impact Analysis.

Section 4. That the Board Secretary shall certify to the passage and adoption of this resolution and is hereby authorized and directed to file, or cause to be filed, a certified copy of this Resolution with the Executive Officer of the Local Agency Formation Commission for San Bernardino County.

ADOPTED, SIGNED AND APPROVED THIS 20TH DAY OF NOVEMBER, 2022.
