## WVWD Earns Financial Reporting Award

West Valley Water District (WVWD) has earned the Award for Outstanding Achievement in Popular Annual Financial Reporting (PAFR Award) by the Government Finance Officers Association (GFOA) for the Popular Annual Financial Report (PAFR) for fiscal year ended June 30, 2021.

The PAFR is an easy-to-understand document that describes WVWD's organizational structure, operations, finances and water sources. The GFOA, which encourages and assists federal, state and local governments in financial efficacy and transparency, sets strict standards for PAFRs. The organization also issues the PAFR award to government organizations that meet its stringent guidelines.

“This award for our first PAFR submission to the GFOA is a significant achievement for the West Valley Water District. It reflects our strong commitment to financial transparency and accountability,” said WVWD Board President Greg Young. “On behalf of the board, I commend our finance department for their excellent work on the report and their continued efforts to build public trust through publishing transparent and accessible information.”
