## WVWD Appoints New Member to Board of Directors

The West Valley Water District (WVWD) Board of Directors is excited to announce the unanimous appointment of long-time water professional and 30-year Rialto resident Estevan Bennett to fill its Division 4 board vacancy.

With his appointment, Director Bennett will represent the communities of Rialto and Colton for the remainder of the seat's term that was recently left vacant in August with the resignation of Director Channing Hawkins.

Director Bennett currently serves as the Executive Director of Rialto Family Health Services, a non-profit that works to strengthen community support services.

## WVWD's Service Line Inventory Completed!

West Valley Water District (WVWD) is committed to safeguarding its community water system from harmful contaminants. In compliance with the Lead and Copper Rule Improvements (LCRI) issued by the Environmental Protection Agency (EPA), WVWD staff recently completed a detailed inventory of our entire water service line system and is proud to announce that **its water lines are lead-free**.

Now, we need your help! WVWD is encouraging customers to check their waterlines. Want to participate or learn more? Find out how by visiting [www.wvwd.org/servicelineinventory](http://www.wvwd.org/servicelineinventory).

## Helpful Tips for the Holiday Season

As the holiday season fast approaches, West Valley Water District (WVWD) would like to encourage customers to practice easy-to-follow habits that protect water systems from harmful contaminants such as fats, oils, and grease (FOG).

1. Use a sink strainer to keep food out of the disposal and place collected food waste into the green waste bin.
2. Pour cooled FOG into a container and put the container in the trash.
3. Before washing, use a paper napkin or paper towel to wipe FOG from dishes and dispose of it in the trash.

Together, we can help ensure our most valuable resource is protected for generations to come.
